FOREWORD

The purpose of the MARYLAND MANUAL is to present in concise form to the citizens of Maryland a description of their government. Since it is a publication of the State, the emphasis is primarily on the agencies of the State Government; that part having to do with local government is not intended to be more than a directory.

Essays devoted to individual governmental agencies contain at the very least an account of the legal status of the agency, its function, the name of the official in charge and the members of any governing body or commission, the number of persons employed, expenditures during the fiscal year 1949 and appropriations for 1950. A list of current publications of all agencies is given in a separate section.

This edition of the MANUAL is the second compiled by the staff of the Hall of Records. The cooperation of almost every State agency is gratefully acknowledged. Special thanks are due the following: James P. Brock and Mary L. Wilson of the Secretary of State's Office, who made available the commission records of that office; the Clerks of the various Boards of County Commissioners and the editors of several newspapers who checked the names of local officers; Dr. Carl N. Everstine of the Department of Legislative Reference, who prepared a corrected version of the Constitution; John P. Trimmer of the Department of Information, who contributed "Maryland at a Glance"; Dr. Elwyn A. Mauck and Mrs. Janet Hoffman of the Fiscal Research Bureau who prepared the governmental charts. Of the members of the staff of the Hall of Records who assisted, special mention is due John P. Hively, Frances W. Hoot, Gust Skordas and Roger Thomas.

The reader's attention is called to the fact that the Index which formerly contained references only to that part of the book devoted to State agencies has now been enlarged to include all names of persons. As a result it has been necessary to divide the Index into a "General Index" devoted to agencies, subjects and functions and "An Index to Proper Names". Other additions are a tabulation of the results of the legislative elections of 1946, which is not available elsewhere and which we thought would be especially useful this General Election year, and a more informative treatment of State-aided institutions. Our most ambitious addition to this MANUAL is the publication of pictures of the members of the General Assembly.

We have, on the other hand, dropped the following sections as not being useful enough to justify the space required: "Results of Senatorial Elections, 1913-1946," "Results of Gubernatorial Elections, 1871-1946," and "Battle Flags of Maryland." The section called "Marylanders in Federal Government" was omitted because it proved impossible to establish a firm criterion for determining who is a Marylander.

WILLIAM PRESTON LANE, JR.

Governor of Maryland

William Preston Lane, Jr. was born May 12, 1892 at Hagerstown, Washington County, Maryland. He is the son of the late Colonel William P. Lane and Virginia Lee (Cartwright) Lane and the direct descendant of early settlers of Washington County and of several of the pioneer families of Southern Maryland, including the Maddoxes and Claggetts. Governor Lane is married to the former Dorothy Byron of Hagerstown, and he is the father of two daughters, Dorothy Byron and Jean Cartwright Lane.

Governor Lane graduated from the University of Virginia with the degree of Bachelor of Laws in 1915. He was admitted to the Maryland Bar the next year, and has been admitted to practice before the United States Supreme Court. He is a former member of the law firm of Lane, Bushong and Byron of Hagerstown. In addition to the practice of law, Governor Lane has been active in business. One of his interests is the Herald-Mail Company, publishers of two Hagerstown newspapers, of which he has been president since 1922.

Civic and political affairs have engaged the interest of Governor Lane from his earliest manhood. He is a member of the Vestry of St. John's Parish (Protestant Episcopal) and a trustee of St. James' School. He is also a former member of the Board of Education of Washington County, and he is at present a member of the Elks, Moose, and Eagles. A leading Democrat of Maryland, Governor Lane has been a delegate to five National Conventions (1928, 1932, 1940, 1944, and 1948), a Presidential Elector at Large (1936), State Treasurer (1940), and Chairman of the Campaign Committee (1944). He has been Democratic National Committeeman since 1940. He was Attorney General of Maryland from 1930 to 1935 and a member of the Maryland Tax Revision Commission in 1938. He is serving his first term as Governor, having been elected in 1946. He was elected Chairman of the Southern Governors' Conference (1947-1948), Chairman of the National Governors' Conference and President of the Council of State Governments (1948-1949). In December of 1949 he was elected a member at large of the governing board of the Council of State Governments for a term of five years.

As a Captain in the National Guard, Governor Lane served on the Mexican Border in 1916. During World War I he served as Captain in the 115th Infantry where he saw service in France, especially in the Meuse-Argonne Offensive. He was decorated with the Silver Star. After the Armistice he was promoted to a Majority and appointed Assistant Division Adjutant to the 29th Division. During World War II he assisted in the organization of the Maryland State Guard and the Maryland Minute Men and was commissioned Lieutenant Colonel.

Governor Lane's present address is Government House, Annapolis; his home address is 943 Terrace, Hagerstown.

HISTORICAL SKETCH OF MARYLAND

Exploration

In 1498, John Cabot, a man of Italian birth employed by the English, was, in all probability, the first white man to see Maryland as he sailed along the eastern shore of Worcester County. Twenty-six years later Giovanni Verazzini another Italian but working for French interests, passed the mouth of Chesapeake Bay. For half a century after that the Bay had no explorers. In 1603 Captain Bartholomew Gilbert made a more careful exploration.

The intrepid Captain John Smith, who saw many other parts of North America, began in 1608 to carry out the instructions of the London Virginia Company to "find some spring which runs the contrary way toward the East India sea." With fourteen companions in "an open barge of two tunnes burden", Smith started up the Chesapeake. Every inlet and bay "fit for harbours and habitations" was entered, and all the islands were inspected. The results were incorporated in what Smith called "A Map of Virginia", published in England in 1612. Reprinted many times shortly thereafter, the map shows that Smith's voyagers paid close attention to the Eastern Shore, examined the Potomac carefully, but had a hazy idea of the western head of the Bay and only a generalized notion of the lower Western Shore. In 1670 Lord Baltimore authorized Augustine Herman, a cartographer living in the New Netherlands Colony, to prepare a more detailed map of Maryland.

Aborigines

It is to John Smith, also, that we owe our first knowledge of the pre-European settlers on the land of what was later Maryland. Smith's account is bewildering with Indian names; one soon recognizes the adaptations of these same queer-sounding names in present-day Maryland. The Virginia explorer speaks of Yingoteagues, Assateagues, Marumscos, Annamesses, Wiccomicos, Nanticokes, Conoys, Trasquakins, Choptanks, Monoponsons, Matapeakes, Ozinies, Tockwoghes, Nattwas, Susquehannocks, Conestogas, Piscattoways, Chopticos, Mattawomans, Patuxents, Aquasocks, Secowocomocos, and others. Despts this multiplicity of names, these Indians were all of Algonquin stock, save for the Susquehannocks at the headwaters of the Bay and the Anacostans on territory around present-day Washington. Invading tribes made forays from the North and at times lived on Maryland territory, and these Indians were

of the Five Nations—Senecas and Iroquois. Later history records raids by other tribes of Indians, accompanied by violence and massacres, generally in western Maryland.

The “Ark” and the “Dove”

The Maryland colony was planned by the first Lord Baltimore—George Calvert, a Yorkshireman whose devotion to James I had first made him Secretary of State, later Baron of Baltimore (1624), and finally given him a grant of land for a colony in Newfoundland. This unpropitiously cold territory Calvert called “Avalon” or “Ferryland”; but intense cold and invading French made continuous residence untenable. In 1627 Lord Baltimore attempted to live in Avalon with his family; then he left for the warmer climate of Virginia. His intention was “to plant himself to the southward”, but on his return to England, Lord Baltimore persuaded Charles I, James’ successor, to give him a charter of his own composition. On presentation to the King, blanks were left for the name of the colony and the date. It is said that Charles filled in the name *Terra Mariae* to honor Henrietta Maria, his French queen.

Before June 20, 1632 when the charter was dated, George, the First Lord Baltimore, died and was succeeded by his son, Cecil. It was the Second Lord Baltimore who organized the expedition to Maryland in two vessels, the *Ark* of 360 tons and the *Dove* of 60 tons. Assisting him was the Jesuit priest, Father Andrew White, for Cecil, as his father had been since 1624, was a Roman Catholic. Father White, with two members of the Calvert family (not including the Proprietor), sailed from Cowes on the Isle of Wight on November 22, 1633. How many took passage and how many were Catholics we do not know. We do know that one hundred and twenty-eight took the oath of supremacy which Catholics normally refused to accept. However, the *Ark* alone was twice the size of the *Mayflower*, which had carried over one hundred passengers.

January 1634 saw the two vessels at the Barbados where they delayed for twenty days. On February 24th Leonard Calvert, as lieutenant-general, put in at Point Comfort, Virginia. The first stop within the limits placed by the charter—“from Watkin’s Point unto that part . . . which lieth under the fortieth degree of north latitude”—was at St. Clement’s Island. The celebration of mass here on Annunciation Day has fixed for tradition March 25th as the date of arrival of Maryland’s first settlers, as well as the

name, St. Mary's City. It was, however, some time after that that the Yoacomaco Indians, holding the coveted territory, sold their possessions to the newcomers, and the first site, called then "Augusta Carolina", was available. A palisade was erected immediately.

Government from St. Mary's City

For upwards of sixty years, the Province centered around St. Mary's City. The Assembly, set up very soon after a food supply had been assured and protection against enemies provided, was made up of the freemen, *i. e.*, planters and settlers. The combined efforts of all the settlers were needed, moreover, to cope with the almost immediate difficulty that arose with white settlers from Virginia who had begun trading with the Indians before the Calvert party arrived. The foremost among these men was Captain William Claiborne, a trader with headquarters on Kent Island. The dispute is sometimes known as the Calvert-Claiborne controversy. After a naval skirmish and slight loss of life, Claiborne was declared an outlaw March 24, 1637.

"Ingle's War" was another vexation in the peaceful ordering of the new colony. Richard Ingle was a vigorous partisan of Parliament in its victorious struggle with the King that was to produce the Commonwealth. Coming first to Maryland in 1642, he finally exceeded any legal powers he might have had and took possession of St. Mary's City, making prisoner members of the Assembly. The affair ended inconclusively in 1646, but Ingle, meanwhile, arrested and took in chains to England Father White and Father Copley.

Act of Toleration

The bigotry implicit in Ingle's special irritation at Catholic priests and Royalists makes especially pointed the solicitude Lord Baltimore showed at this period for freedom of conscience. As early as 1643, the Puritan Governor of Massachusetts, John Winthrop, had spoken approvingly of Governor Calvert as "for free liberty of religion". The Governor had taken a more liberal attitude on the question of Puritan settlers, surely, than had the administrators of Virginia. The "Act concerning Religion" which the Maryland Assembly passed in 1649 gives Maryland rightful claim to being the first civil regime to recognize freedom of conscience. The fact that within sixty years after the passage

of this law Catholics were repressed under an "Act to prevent the growth of popery" does not detract from the boldness of Lord Baltimore's action in the mid-seventeenth century.

The downfall of Charles I and the rise of the Commonwealth were more serious events for the Maryland residents than for other colonists in America. But Oliver Cromwell left Lord Baltimore in undisturbed charge of the Province until 1652.

Emboldened by this, Governor William Stone attempted to reduce the Puritan settlements on the Severn but came close to losing his life by execution after a decisive victory for the settlers in Providence (Annapolis).

Growth and Expansion

The newcomers to other parts of the geographical charter limits of the Province, Proprietary, or Palatinate (as it was sometimes called) were not so bellicose as those in Providence. Settlement soon went far afield from the old Yoacomaco village. By the end of the seventeenth century eight counties had established themselves, each with its court and complement of officials. The towns were few; great estates abounded, whose river fronts were centers of trade and traffic. The chief commerce was in tobacco, which even substituted for currency during much of the seventeenth and eighteenth centuries. Until custom-house centers were set up (1683), there was nothing to break the power of the landed gentry.

Gradually what Indian troubles had existed were smoothed out by treaties, such as the one of 1652 when the Susquehannocks submitted under the poplar tree said to be the one still to be seen in Annapolis, on the St. John's College campus. The Proprietors, always a line of Calverts with the title "Lord Baltimore," continued, until the death of the sixth and last in 1771. In the time of James II, who desired to have all lands under the Crown, and again in the "Revolution" (before William and Mary held the throne securely), the Calverts had difficulties, but these were not reflected in any disadvantage to the Province. Neither the virtual outlawry of the Proprietors, 1691 to 1715, nor the establishment of the Church of England as the "official" religion proved too disturbing. If Puritanism waned, there was certainly room made for the settlement of other dissenters, notably Quakers. Culturally the three most important changes in the seventeenth century were the establishment

of a printing press—William Nuthead's—, the departure of the Governor and Assembly from St. Mary's to Annapolis, and the passage of the "Act for the encouragement of Learning" (October 18, 1694). This last was the prelude to the opening of King William's School, the third institution of its sort in the colonies.

As the new century appeared, about 35,000 people made up the population of Maryland. Nearly twenty per cent of these were Negro slaves—slavery having been established within five years after settlement. Another large group were "bound men", or indentured servants. Many of the latter soon became "redemptioners" and often, in time, the owners of extensive property.

After the "Restoration"

With the restoration of proprietary rights, April 15, 1715, Charles Calvert, Fifth Lord Baltimore, resumed control of the colony. Since he was a minor at that time, and in later life his interests were primarily in English politics, development in Maryland lacked rigorous control from without. Furthermore, a strong "County", as separate from a Proprietary, party manifested itself in the General Assembly.

Significant among the expansionist movements in Charles Calvert's time were the founding of a settlement at Baltimore Town (July 30, 1729) and the beginnings of Western Maryland (1735). Swedes and Dutch on the Delaware River, having found the Maryland charter's geographical limits vague, pressed for a boundary line. In 1732 this was established for Delaware, but at the other limitations final boundary judgments had to wait till the early twentieth century. One of the consequences of dispute with Pennsylvania was a survey in 1763 by two Englishmen, Jeremiah Dixon and Charles Mason, for whom the line marking the northern boundary of Maryland was named.

Frontier Development and Warfare

In Western Maryland boundary disputes made for violence; therefore, Thomas Cresap, Maryland's heroic frontiersman, figures as an outlaw in Pennsylvania's history. In this same quarter warfare flared, not only sporadically with Indians, but also systematically when the French, making claim to West Empire, began to drive out the traders of the Ohio Company. As this trading venture was

largely Virginian in character, the Maryland Assembly was stern against Governor Horatio Sharpe and refused to vote funds or raise troops. Edward Braddock, the British general deputed to drive back the French, operated within Western Maryland, but even his rout and death in 1755 failed to spur Maryland.

Prelude to Revolution

The accession in 1751 of Frederick Calvert, a "gay young blade", to the title of Lord Baltimore meant less interference from the Proprietor, therefore Marylanders transferred their complaints against the Proprietary to the British Government. Conflict between French and English only sharpened the point. Debts to English merchants, lack of a proper colonial currency, and taxes on imports led Maryland, this time in common with other colonies, to take drastic action. Maryland takes credit for first refusing to pay taxes under the Stamp Act; actual repudiation took place in Frederick County on November 23, 1765. The Townshend Acts were repealed in 1770 but a strong feeling of rebellion remained. Support of Boston was vigorous after that port was closed; and the Boston Tea Party of December 16, 1773 had its Maryland counterpart when a tea ship, the *Peggy Stewart*, was burned in Annapolis harbor on October 19, 1774.

Maryland played leading roles in both the First and Second Continental Congresses and in the signing of the Declaration of Independence. Revolutionary action on a National scale had been foreshadowed by the Maryland "Association of Freemen."

The Revolutionary War

From the first skirmish in Boston to the surrender at Yorktown, Maryland soldiers saw service. Despite alarms, only once did the British—by water at Vienna—invade Maryland soil. Pulaski's Legion was organized in Baltimore, Baron de Kalb and Lafayette spent some time in Maryland, and here it was that in 1783 the Continental Congress met. George Washington passed into civilian life in the Senate Chamber of the State House at Annapolis on December 23, 1783. The Treaty of Paris ending the war, was ratified in Annapolis three weeks later on January 14, 1784.

Second British Conflict

On April 28, 1788 Maryland became the seventh state to ratify a constitution which, through her leadership in the

revision of the Articles of Confederation, she had done much to formulate. Because of the exhaustion of the tobacco lands, serious agricultural problems remained. Slavery was becoming a burden, and currency problems vexed Maryland's economic life. In the formation of a new nation, Maryland did its part by sacrificing its territory and advancing money for public buildings to form the District of Columbia (1791). To offset some of the difficulties, Baltimore had grown until it was five times as great as Annapolis, the flourishing port of the "Golden Age". Early in the new century exports from Maryland ports reached the \$14,000,000 mark.

This shipping was, however, seriously hampered by British policy. Finally British interference with our vessels and crews brought on the War of 1812. Fighting began in Canada but was soon carried south by the British. From 1813 Maryland bore the brunt of the war. British troops routed our forces at Bladensburg and then proceeded to Washington where they burned the public buildings. But their defeats at North Point and Fort McHenry prevented them from capturing Baltimore. During the bombardment of Fort McHenry, a Marylander, Francis Scott Key, was inspired to write the "Star Spangled Banner."

The War Between The States

After 1815 the State went on more vigorous than ever. A national "pike" was completed to Ohio, two canals and a railroad were put in operation, and Baltimore increased enormously in population. By sharing the industrial and commercial interests of the North and West, Marylanders were put in a peculiar position when the secessionist movement began. On July 18, 1859 State troops helped in the suppression of the rebellion at Harper's Ferry ("John Brown's raid") but two years later some Baltimoreans attacked the Sixth Massachusetts Regiment on its way through the city to relieve Washington. Enraged poetical comment on this event by a Marylander, James Ryder Randall, produced the State song, "Maryland, My Maryland".

Maryland remained in the Union, but many a Confederate soldier was also recruited in the State. Lee occupied Frederick, and later in the war occurred the Battles of South Mountain, Antietam and Monocacy. Unionist sympathizers held the state government in line, and, in 1864, modified the Constitution to abolish slavery.

Years of Peace

Between the end of the war and the beginning of the next century, the boom in industry and commerce brought business to Baltimore and the state, an increase in rail and water facilities, and made large philanthropies possible. Three of these, the gift of more than \$1,000,000 by a quondam Baltimore resident, George Peabody, who had made a fortune in England; the endowment of a university by the merchant, Johns Hopkins (1876); and the gift of a public library by Enoch Pratt benefited the State as well as its largest city. Notwithstanding the setback of the fire of 1904, Baltimore's progress and population increased with every decade.

Later History

The story of the twentieth century in Maryland is largely one of detailed statistics. As Baltimore forged ahead to be the seventh city in the country, the State ranked only twenty-eighth in point of population.

In World War I approximately 75,000 of its citizens represented the State's service in the conflict. The martial activities of the United States also appeared in the many Federal establishments on Maryland soil, of which the United States Naval Academy (Annapolis), opened in 1845, is the oldest. Fort George G. Meade occupied over 7,500 acres near Odenton; the United States Army had a proving ground at Aberdeen and an arsenal at Edgewood.

Between wars, Maryland assumed a forward-looking attitude. Legislation was enacted to create old-age and mother's pensions, to give aid to dependent children and to assist the needy blind.

In World War II about 250,000 Marylanders served. More than ever before, state industrial power—particularly that devoted to the building of ships and aircraft—fought the "Battle for Materials". Fort Meade was enlarged and rebuilt; at Port Deposit the Navy placed its extensive training center, Camp Bainbridge; Andrews Field in Prince George's County and the United States Naval Air Station at Patuxent were set up. The beginning of the post-war era found Maryland in the midst of a period of rapid industrial expansion. The increased wealth of the people has made possible the projection of a great road and bridge-building program, including a bridge over the Chesapeake Bay, a greatly increased budget for educational purposes, and a reorganization and expansion of mental hospital facilities.

The Governor is the chief executive officer of the State and the Commander-in-Chief of its military forces. He is elected by popular vote for a term of four years, his term of office beginning on the second Wednesday of January following his election. No person may serve as Governor for more than two consecutive terms. To be eligible for the office of Governor, a person must be at least thirty years of age, and must have been for ten years a citizen of the State, and for five years preceding the date of his election a resident of the State. At the time of his election, he must also be a qualified voter of the State (Const. 1867, Art. II, secs. 1, 2, 5).

It is the duty of the Governor to submit to each annual session of the General Assembly, a budget for the next ensuing fiscal year. He shall also make recommendations for the raising of the principal and interest of the State's indebtedness. The Governor may also inform the General Assembly at any time of the condition of the State (II, 19; III, 52b).

Before a bill may become law it must be signed by the Governor. However, any bill which he vetoes may be passed without his signature by three-fifths of the total number of members of each house of the General Assembly, or should the Governor, while the Legislature is in session fail to return any bill with his objections within six days, then the Act becomes law automatically; except, when the adjournment of the General Assembly prevents the return of the bill; then the bill fails. The Governor has the power to veto any part of an appropriation bill, in the same manner as other bills, without vetoing all (II, 17).

The Governor is Commander-in-Chief of the Military forces of the State except when such forces shall be called into the National service. He has the power to establish a State Guard when the National Guard has been called into Federal service.

The Governor has power to appoint all military and civil officers of the State subject to the advice and consent of the Senate except when the election or appointment of such officer is otherwise provided for. In addition to appointing the heads of major departments, boards and commissions of the State Government, the Governor appoints certain boards and commissions in each county and the City of Baltimore as is provided by law. The Governor also commissions Trial Magistrates, Justices of the Peace, and Notaries Public. The Governor has the power to appoint persons to unexpired terms of the offices of Attorney General, Comptroller, Treasurer, and members of the General Assembly. Any officer appointed by the Governor, excepting members of the General Assembly, shall be removable by him for cause.

The Governor must sign all death warrants for persons condemned to be hanged before such executions may take place. He has the power to grant executive clemency, reprieves or pardons to any person who is a prisoner of the State, and the power to remit any fine or portion thereof to any person who has paid the fine. He may extradite prisoners or persons wanted by other States upon the presentation of a writ of extradition and may issue a warrant for the

arrest of any person so wanted. The Governor may also ask for the return to this State of any prisoner or person of another State wanted for the violation of the laws of Maryland (II, 20).

The Court of Appeals is the highest tribunal of the State of Maryland. It was created by the Constitution of 1776. From 1777 to 1805 the Court sat in Annapolis, on the Western Shore. Between 1805 and 1851 Easton on the Eastern Shore, as well as Annapolis, was the meeting place of the Court. Since 1851 the Court has met only at Annapolis.

By the terms of the reorganization Act of 1943, the Court is composed of five judges, one being elected from each of the first three Appellate Judicial Circuits and two from the Fourth Appellate Judicial Circuit which is Baltimore City. The terms of the Judges are for fifteen years. The reorganization Act further provided that all Judges sitting on the Court at the time of the reorganization, other than those representing the Appellate Circuits, should continue to

serve until their term expires (Const. 1867, Art. IV, sec 14 [as amended 1944]). At the present time there are six judges. The Chief Judge of the Court is designated by the Governor.

The Court hears appeals from the decisions and verdicts of the Circuit Courts. The Court also admits all eligible candidates to the State Bar. The term of the Court begins the first Monday of October in each year.

The Board is composed of three members appointed by the Comptroller of the Treasury subject to the approval of the Governor. Under the Constitution of 1776, there were two State Treasurers—the Treasurer of the Eastern Shore and the Treasurer for the West—

ern Shore. With the adoption of the Constitution of 1851, these two offices were consolidated. The present Constitution provides that the Treasurer shall be elected by joint ballot of both Houses of the General Assembly for a term of four years. The Treasurer is responsible for depositing each day the money of the State in an authorized depository. The Treasurer or his deputy must sign all checks, countersigned by the Comptroller, or an authorized deputy, in payment of all bills on warrant from the Comptroller. The Treasurer's office issues all of the State's bonds or certificates of indebtedness which are signed by the Treasurer with the counter-signature of the Comptroller. The Treasurer is the custodian of the State's insurance and all stocks, bonds or other investments of the State. A monthly balance of all State funds held in authorized depositories is published in a newspaper of Baltimore, and a quarterly report is rendered to the Comptroller. The Treasurer is also the custodian of such special funds as may be prescribed by law (Const. 1867, Art. VI, secs. 1, 2, 4).

The office of the State Auditor was created in 1902; it was reorganized in 1929 and has continued to operate under the law enacted at that time, with minor changes. The State Auditor is appointed by the Governor for a term of four years and both he and the Deputy State Auditor are required to be certified public accountants or registered public accountants of Maryland.

The State Auditor's office is required to audit annually the books of all Clerks of Court, Registers of Wills, and Collectors of State Taxes of the State of Maryland, including the City of Baltimore; the Governor's office, the Comptroller of the Treasury; the Attorney General; the Clerk of the Court of Appeals; and such other offices, departments, agencies, boards, commissions, or institutions as the Comptroller may direct. On or before December first of each year, and at such other times as may seem desirable, he submits to the Comptroller full and detailed written reports of the results of his examinations of the books and accounts of the various offices and institutions audited, with suggestions as to changes in the method of keeping the books and accounts, the adoption of uniform accounting systems, and changes in the forms of reports by the various agencies to the Comptroller. The State Auditor also audits, when requested, Maryland counties, incorporated cities or towns, and taxing districts having a population of 2,500 or over and he prescribes the form of and receives reports of certified public accountants or

approved auditing committees making such examinations. (Code 1947 Supp. Art. 19, secs. 41, 43, 45, 46, 48, 58, 59).

STATE TAX COMMISSION

Owen E. Hitchins, 1955; William W. Travers, 1953

Albert W. Ward, Executive Secretary

501 Davison Building, Baltimore 1

The State Tax Commission is composed of three members appointed by the Governor for terms of six years, one of the terms expiring every two years. One member must be a resident of the Eastern Shore, one a resident of Baltimore City, and the other a resident of one of the Western Shore counties. "Not more than two of said commissioners shall be members of the same political party, and each shall be a taxpayer and a qualified voter of this State." (Code 1939, Art. 81, sec. 167). The State Tax Commission was created in 1914, superseding the State Tax Commissioner, an office which was established in 1878, with functions virtually limited to the assessment of the shares of domestic corporations and national banks, the gross receipts of certain classes of corporations, and taxes on distilled spirits. In addition to the duties formerly exercised by the State Tax Commissioner, the Commission is empowered to "supervise the administration of the assessment and tax laws of Maryland and of each county or city thereof"; "to enforce and execute a continuing method of assessment and to require that all property in the State be reviewed for assessment at least once in every five years", but not necessarily by reassessment of all property in the same year; to act as an appellate tribunal to which all appeals from assessments of real and personal property made by local assessing bodies must be taken; to assess the operating property, except land, of railroads and other public utilities and contract carriers; "to participate in any proceeding in any court wherein any assessment or taxation question is involved". (Code 1947 Supp. Art. 81, sec. 175).

The Commission appoints for each of the counties a Supervisor of Assessments, who has the status of chief assessor in the county, with power also to appeal to the Commission from any assessments or rulings made by the County Commissioners. The supervisors are appointed from a list of five nominees submitted by the County Commissioners. They serve during good behavior and are removable by the State Tax Commission "for incompetency or other cause". Their salaries are fixed by the Tax Commission after consultation with the respective County Commissioners. The State and the counties share equally the cost of salaries. A supervisor is also appointed for Baltimore City with important duties of investigation. The Supervisor of Assessments is the chief assessor and acts as such over local assessors. The local assessors are appointed by the County Commissioners for an indefinite period from a list of applicants examined and graded by the State Tax Commission. Their salaries are fixed and paid in a similar manner to those of the supervisors. The assessors review for reassessment one-fifth of the property in each county of Maryland each year, so that all property in each county is reviewed

for reassessment purposes once in every five years (Code 1947 Supp. Art. 81, sec. 180).

The State Tax Commission has charge of the qualifications and registration of foreign corporations doing business in Maryland. In addition to collecting an annual filing fee and accounting monthly for all such collections to the Treasurer, the Commission assesses the tangible personal property of foreign corporations and distributes the proceeds to the localities in which the property is located. Previous to 1940, the power to assess such property was in the hands of local taxing officials. Charters and amendments to charters of domestic corporations are filed with, and recorded and approved by the Commission. In its jurisdiction over foreign corporations, the Commission succeeds the Secretary of State; while in passing on appeals locally made, and on certificates of incorporation, it exercises functions formerly performed by the courts. (Code 1947, Supp., Art. 81, sec. 10).

Under the income tax law, the Commission was given appellate jurisdiction from the final action of the Comptroller. The determination of the Commission is *prima-facie* evidence of the amount of tax due, but an appeal to the Court lies from the findings of the Commission in the manner now provided for all appeals from the Commission in the exercise of its appellate jurisdiction. (Code 1939, Art. 81, sec. 247).

DEPARTMENT OF BUDGET AND PROCUREMENT

James G. Rennie, Director

James P. Slicher, Chief, Budget Bureau

Eugene G. Connor, Chief, Purchasing Bureau

318 Light Street, Baltimore 2

Telephone: Lexington 2050

The Department of Budget and Procurement was established in 1939, combining the budgeting and purchasing functions of the State into a single agency. The Director of the Department is appointed by the Governor. In addition to having executive jurisdiction of the Department, the Director reviews all leases for rental of office space prior to their submission to the Board of Public Works for approval. (Code 1939, Art. 15A, sec. 13).

Budget Bureau

The budget functions of the agency are vested in the Budget Bureau, the chief of which is appointed by the Director. The Bureau aids the Director in preparing a tentative budget for the Governor's consideration and reviews all budget amendments presented by the various State agencies. The Bureau may investigate the necessity for all expenditures. (Code 1939, Art. 15A, secs. 14-21).

Purchasing Bureau

The head of the Purchasing Bureau is also appointed by the Director. This Bureau is charged with the purchase of all supplies, material and equipment for the use of State agencies. A warehouse is maintained for the storage of supplies paid for out of the Revolving Fund of \$300,000.00. An accounting system has been developed by means of which, through debit and credit entries, funds are trans-

ferred from budget appropriations of Using Agencies to reimburse the Revolving Fund. Supplies are withdrawn from the warehouse with a consequent lessening in the amount of clerical labor on the part of the Using Agencies in the payment of invoices. Monthly meetings are held with the Superintendents of the various State Institutions and other State agencies, at which time samples are examined and contracts awarded. (Code 1939, Art. 15A, secs. 22-26).

As of March 1, 1949, the Department assumed the responsibility of distribution of donable foods from the Production and Marketing Administration, U. S. Department of Agriculture, to public and private eleemosynary institutions and agencies in the State of Maryland. There are 110 such institutions and agencies serving 24,000 persons.

To aid in their research, the Department maintains a complete index and a complete file on all bills introduced in the General Assembly from 1908 to the present, the Codes and Laws of other States, and a library comprising 19,000 books and 56,000 pamphlets and reports, in addition to a number of periodicals, and clippings from magazines and newspapers. BANK COMMISSIONER

J. Millard Tawes, Bank Commissioner, 1951

John D. Hospelhorn, Deputy Bank Commissioner

H. E. Meeks, Chief Examiner

Frank L. Wilson, Discount Supervisor

301 Davison Building, Baltimore 1

Telephone: Lexington 4242

The office of the Bank Commissioner was created in 1910. The Bank Commissioner is appointed by the Governor for a term of four years. The department has general supervision over all banking institutions in the State, other than national banks. It must examine each institution at least twice a year, and at such other times as the Commissioner may deem expedient and at any time upon request of the board of directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by law, or whenever it is found that an institution is being conducted in an unsafe manner, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is finally liquidated. In case of a failure of any banking institution, excepting National Banks, the Bank Commissioner acts as receiver and liquidates its assets and winds up its affairs under the jurisdiction of the Court. The Commissioner may delegate this power to the Deputy Commissioner or a Senior Examiner. Every bank and trust company is required to submit to the Bank Commissioner, under oath, at least three reports in each calendar year; such reports to exhibit in detail the resources and liabilities of the institution, and show its true condition. These reports are to be published in the local newspapers. All mutual savings institutions are required to report their condition to the Commissioner on June 30 and December 31 of each year. It is the duty of the Commissioner's office to examine each report received from the institutions under its supervision, and when necessary, to verify them, and at the same time to correct any irregularities that may be disclosed or to make any recommendations that may seem advisable. It is the further responsibility of the department to supervise the formation of new banking institutions, to see that all requirements of the law have been complied with, and to issue a certificate authorizing them to commence business. The Commissioner also passes upon all amendments to charters, and all consolidations and voluntary liquidations. On the tenth of February of each year, the Bank Commissioner is required to make a written report to the Gov-

ernor concerning the operations of his office (Code 1939 and Supp. 1947, Art. 11, secs. 11-27; 29-96; Acts 1949, Ch. 286).

The General Assembly of 1929 passed what is known as the "Credit Union Law", which provides that any seven or more persons, residents of this State, may apply to the Bank Commissioner for permission to organize a Credit Union. The Act further provides that all Credit Unions which are approved and chartered shall be subject to the supervision of the Bank Commissioner (Code 1939, 1947 Supp. Art. 11, secs. 125-150).

The department also has jurisdiction over industrial finance loan companies under the provisions of the "Industrial Finance Law" passed in 1945. The Act generally provides that no person or corporation may charge interest or other charges in the aggregate above that permitted by law, on loans of fifteen hundred dollars or less, if this person or corporation were not a licensee under the terms of the law. All companies and individuals transacting business under the terms of this statute must secure a license from the Bank Commissioner. At least once in every eighteen months, the department is required to make an examination of each licensee; it is further required that each licensee shall submit to the Commissioner an annual report setting forth such relevant information regarding the business and its operations, as the Commissioner may reasonably require. The Bank Commissioner has the power to revoke or suspend licenses for infractions of the law. The Commissioner has the power to exempt certain companies from the terms of the Act. Automatically exempted from the Industrial Finance Act are those companies and individuals who are doing business under the terms of the "Small Loan Law", which is administered by the Administrator of Loan Laws (Code 1947 Supp. Art. 11, secs. 153-195).

The State Accident Fund, originally a part of the State Industrial Accident Commission, was established as a separate agency in 1941. The State Accident Fund is under the direction of a board of five members appointed by the Governor for a term of five years, the term of one member expiring each year (Acts 1949, Ch. 266). The Board annually elects its officers. The Board also appoints the Superintendent who has active direction of the agency. The Board is further empowered to make such rules and regulations as may be necessary to administer the Accident Fund. The State Accident Fund is the State's Workmen's Compensation Insurance Carrier. Through the fund employers may carry insurance for the payment of claims which may arise from accidents and injuries to the employees as allowed under the Workmen's Compensation Law. Employment Security Board

The Department of Employment Security, formerly known as the Unemployment Compensation Board, was established in 1937. The administration of the Department is vested in a board of three members appointed for terms of six years (Code 1947 Supp. Art. 95A, secs. 10-11). The Board is authorized to enact such general and special rules as are necessary for the formulation of the general policy of the Department in administering the Unemployment Compensation Law. The Board also hears and determines appeals from the decisions of the Referees and Special Examiners arising from disputed claims for unemployment compensation.

The Advisory Council

The Unemployment Compensation Law permits the Board to establish an Advisory Council consisting of an equal number of representatives from the public, the employer and the employee. The Advisory Council meets with the Board for the purpose of aiding it to formulate policies and for discussing problems related to the administration of the Law to insure impartiality in the solution of such problems (Code 1947 Supp. Art. 95A, sec. 11e).

Unemployment Compensation Division

This Division of the Department in accordance with the policy set by the Board administers the payment of Unemployment Compensation benefits and the collection of the contributions therefor. Contributions are collected from employers covered under the Unemployment Compensation Law and weekly benefits are made to eligible individuals, that is, those who have accumulated certain wage credits and have become unemployed through no fault of their own. The law provides for a system of experience rating whereby employers who maintain steady employment are eligible for reductions in the rate of contributions. All funds collected under the Law are deposited with the Federal Treasury for the credit of the Unemployment Trust Fund of Maryland and may only be used for the payment of benefits (Code 1947 Supp. Art. 95A, sec. 13).

Employment Service Division

The Employment Service Division operates a free public employment service, registering applicants for jobs in all occupational groups and it makes the initial contacts between employers and prospective employees. The Division provides vocational guidance and counseling services and administers aptitude and proficiency tests when the desirability of such tests is indicated. The Division cooperates with other staff departments in developing labor market information, types of positions open, size and type of available labor supply, current wage rates and other related material. The Division cooperates with the Governor's Committee for the Promotion of the Physically Handicapped; the State Veterans Service Committee, and gives preference to qualified veterans for job openings. The Employment Service Division also maintains a special Farm Labor Program for the purpose of recruiting and distributing local and migratory labor for agricultural purposes.

The Department operates seventeen field offices throughout the State for the convenience of the public in filing claims for unemployment-

ment compensation or for registering for employment. These offices are located in the following cities:

The State Employment Commissioner's office was established in 1920. The Commissioner, who is appointed by the Governor for a

term of six years, is the head of the Department of State Employment and Registration. The Commissioner is responsible for the administration of the Merit System Law and is empowered to make such rules and regulations, subject to the approval of the Governor, as are necessary to carry out the provisions of the Act (Code 1939 and 1947 Supp. Art. 64A, secs. 4 and 5). Examinations are given by the Commissioner's office for the various grades and classes of positions in the State's service and from the registers established by means of these examinations, appointments are made. The Commissioner's office surveys, from time to time, the duties and qualifications necessary for the various positions in the classified service for the purpose of revising the classification of the positions. The Merit System, a professional example of modern practice in public employment, functions as a procurement agency charged with the duty of supplying the State's departments and institutions with the most competent personnel at the stated rate of pay.

The State Employees Standard Salary Board was established in 1941. The Board of seven members is composed of the Director of Budget and Procurement, the State Employment Commissioner, and the Chief Deputy Comptroller, *ex-officio*, and four persons appointed by the Governor for six-year terms.

The Board prepared and recommended to the Governor a pay plan for all classes of positions in both the Classified and Unclassified Service, to the end that all positions in such services involving comparable duties, experience, responsibilities and authority be paid in accordance with the standard salary schedule. In establishing rates of pay, the State Employees Standard Salary Board gives consideration to experience, the prevailing rates of pay for services performed, and for comparable services in public and private employment, living costs, maintenance, or other benefits received by employees, and the State's financial condition and policies. The pay plan, as approved by the Governor, has the force of law. Amendments to the plan may, from time to time, be recommended by the Board, and when approved

by the Governor have the force of law. Each employee in the Classified and Unclassified Service is paid at one of the rates set forth in the pay plan for the grade or class of position in which he is employed. The pay plan is used by the Governor in the preparation of the budget. The Board has the authority to formulate rules and regulations for the administration of the Act. These rules include provisions for automatic increases, from minimum to maximum, of the rates established by the schedule; and, after approval by the Governor, have the force of law. Meetings of the Board are held each month (Code 1947, Supp. Art. 64A, secs. 15-17).

Although a centralized administration of the public schools of Maryland was attempted in 1865, it was not until 1870 that the State Board of Education was established. The Board, composed of seven members appointed by the Governor for terms of seven years, is responsible for the public school system, for the formulation of policy governing education within the State, and for the passage of by-laws and administrative regulations necessary for the governing of the school system (Code 1939, 1947 Supp., Art. 77, secs. 5, 11-13, 17).

The State Superintendent of Schools is appointed by the State Board of Education for a term of four years. He is responsible for the direction of the State Department of Education, the execution of policy governing the school system, and the enforcement of the administrative regulations adopted by the Board (Code 1939, Art. 77, secs. 27, 28). The State Department of Education is composed of the State Superintendent of Schools and the professional staff employed by the Board to assist him in the supervision and direction of the Maryland public schools. The department has six divisions, each with its specific duties to perform.

Division of Instruction

The Division of Instruction provides leadership in planning and supervising educational programs for young people and adults in the public schools of the State. It plans programs and assists with the education of the handicapped also. Specific aids provided for teachers and pupils include courses of study cooperatively planned, certain types of visual aids, and workshop and consultant service. The division is responsible also for the administration of high school equivalence examinations and for leadership in teacher education (Code 1939, 1947 Supp., Art. 77, secs. 32, 33, 35, 191, 191A).

Division of Vocational Education

The Division of Vocational Education is responsible for the supervision of the vocational curricula of the public schools—home economics, agriculture, and industrial arts. In addition the division supervises the school lunch program and renders educational services to industry. The Federal funds granted to the State for these purposes are allocated through the division (Code 1939, Art. 77, secs. 255-258).

Division of Finance and Research

The Division of Finance and Research is responsible for the compilation of the Federal, State, and county reports, for the compilation of the necessary statistical tables required for the administration of the school system, and for the distribution of funds made available to the local school systems by the Federal and State governments. The division also acts as the central accounting and purchasing agency of the department and the State Teachers Colleges (Code 1939, 1947 Supp., Art. 77, secs. 18, 19, 24, 197, 199C; Acts 1949, Chs. 458, 491).

Division of Certification and Accreditation

The Division of Certification and Accreditation is responsible for the certification of the professional and instructional staffs in the public and private schools of the State. All schools and colleges (both public and private) operating in the State are accredited by the division. The licensing and inspection of trade and vocational schools operating within the State is another responsibility of the unit (Code 1939, 1947 Supp., Art. 77, secs. 14A, 86-91).

Division of Library Extension

400 Cathedral Street, Baltimore 1 Telephone: Mulberry 6580

The Department of Library Extension, established within the State Department of Education by the General Assembly of 1945, exercises supervision over school libraries and county libraries operating under the State-aid act of 1945. The division provides direct service of books and periodicals to individuals, groups, or libraries. Professional advice and assistance is available to all school and public libraries through this agency. State funds made available under the Public Libraries Act are administered by the division (Code 1947 Supp., Art 77, secs. 163-181; Acts 1949, Ch. 703).

Division of Vocational Rehabilitation

The Division of Vocational Rehabilitation, established by the General Assembly of 1929, is responsible for the administration of the Federal Civilian Rehabilitation Act and the funds provided by it within the State of Maryland. The division provides vocational rehabilitation and placement services to physically handicapped persons. Branch offices are located in Baltimore, Salisbury, Hyattsville, and Hagerstown (Code 1947 Supp., Art. 77, secs. 262, 263, 267).

The University

The University of Maryland is the State university and the "Land-Grant" institution of Maryland.

The present University of Maryland is the result of the merger of the former privately owned University of Maryland located in Baltimore with the former Maryland State College at College Park. The first institution was founded in 1807 as the College of Medicine of Maryland. In 1812, the General Assembly passed an act enabling the College of Medicine to enlarge its curriculum and changed its name to the University of Maryland. Subsequently, faculties of law (1823), dentistry (1882), nursing (1889), and pharmacy (1904) were added. The Maryland State College was founded as the Maryland Agricultural College, a private institution at College Park, in 1856. This school became the beneficiary of the Land-Grant Act of 1862. In 1914, the State assumed complete control of the school and in 1916 a new charter, which renamed the school as the Maryland State College, was granted by the State Legislature. The General Assembly consolidated the University of Maryland and the Maryland State College in 1920 and gave the name University of Maryland to the new school.

The University is under the administration of a Board of Regents consisting of eleven members appointed by the Governor for a term of nine years. The Board appoints the President of the University who also serves as chief administrative officer of the Board (Code 1947 Supp., Art. 77, sec. 235).

The main campus of the University is located at College Park. Instruction is given here in the undergraduate and graduate courses of the College of Agriculture, College of Military Science and Tactics, College of Arts and Sciences, College of Business and Public Administration, College of Engineering and Aeronautical Sciences, College of Home Economics and the College of Physical Education, Recreation and Health. Also located at College Park are the Graduate School, the Summer School and the offices of the College of Special and Continuation Studies.

Professional Schools

The professional schools of the University of Maryland comprising the schools of dentistry, law, medicine, nursing and pharmacy, together with University Hospital, are located in Baltimore at Lombard and Greene Streets. The College of Special and Continuation Studies also offers courses here.

The Maryland State College, Division of the University of Maryland, (formerly Princess Anne College) is the Land-Grant college of Maryland for Negroes. Courses leading to a bachelor's degree are offered in agriculture, home economics, industrial and mechanic arts and the liberal arts and sciences.

State Board of Agriculture

The Board of Regents of the University of Maryland acts as the State Board of Agriculture. As such, it has the authority to enforce the laws of the State relating to agriculture, to pass such regulatory measures as it deems necessary and to administer the State and Federal funds made available for agricultural purposes (Code 1939, Art. 2A, secs. 1-15).

Extension Service

The Extension Service was established by Federal and State laws in 1914. The service is represented in each county of the State by a County Agricultural Agent and a Home Demonstration Agent. The Extension Service is supported by Federal, State and county funds. Scientific and economic agricultural information for rural people, assistance in promoting better marketing conditions, cooperation with rural groups and associations and the encouragement of the marketing of home supplies by rural women are all a part of the work of the Extension Service. In addition to work with adults, the agency works with rural boys and girls through the 4-H clubs. Short courses in various fields are also conducted by the service (Code 1939, Art. 2A, secs. 11, 12).

Agricultural Experiment Station

The Agricultural Experiment Station was established in 1888. It is an enterprise of the State with extensive Federal grants. The work of the station centers at laboratories located at College Park where studies of insects and diseases, soil fertility, botanical and other problems are undertaken. The livestock and dairy barns with their experimental herds are also located at College Park. Research in soil fertility, plant breeding and general horticultural problems is conducted at a plant research farm located near Beltsville. An experimental farm, located near Upper Marlboro, is given over to the problems of tobacco growing and curing. Near Ellicott City, there is a farm which is devoted to livestock problems. Research in the

problems of broiler producers and the growing of various vegetable crops is conducted at a farm near Salisbury (Code 1939, Art. 2A, secs. 13-15).

Maryland State Department of Markets

The State Department of Markets was established in 1924. It operates as an agent of the State Board of Agriculture under State Laws and the Federal Research and Marketing Act. It functions in four fields: (1) Extension Education, (2) Marketing Services, (3) Statistical and (4) Regulatory. The activities of the Department include grading and inspection services, market price reporting, market surveys, a marketing information and service program, extension marketing and consumer information.

The agency is responsible for the enforcement of the following laws: (1) The Maryland Apple Grading Law, (2) The Maryland Fresh Egg and Egg Grading Law, (3) The Poultry Sale and Transportation Law, (4) The Cantaloupe Maturity Law, (5) The Trade-mark Law, and (6) The Grading and Inspection Laws (Code 1939, 1947 Supp., Art. 2A, Secs. 22-40; Art. 48, secs. 144-150, 168-173).

The Department is also authorized by law to perform certain functions concerning the inspection and regulation of weights and measures used in the sale and purchase of agricultural products.

State Inspection and Regulatory Service

The State Inspection and Regulatory Service is responsible for the enforcement of the State Laws relating to feed, fertilizer, agricultural liming material and agricultural insecticides and fungicides. These laws are classified as the "Correct Labeling Acts". The agency's work in the enforcement of these laws is divided into five parts: (1) registration of brand names, (2) collection of samples, (3) chemical analysis and examination of samples, (4) publication of results of tests and (5) prosecution of violators (Code 1939, Art. 48, secs. 103-128; Art. 61).

Seed Inspection Service

The Seed Inspection Service was established in 1912. The Service is responsible for the enforcement of the seed laws of the State. The agency inspects, analyzes, tests, and examines seed samples collected by it or submitted to it for examination. The unit also cooperates with the United States Department of Agriculture in the enforcement of the Federal Seed Act (Code 1947, Supp., Art. 48, secs. 129-136).

State Department of Drainage

The State Department of Drainage was established in 1937. It is responsible for the promotion and encouragement of drainage of agricultural lands; the correlations of activities of local drainage organizations and cooperation with State and Federal agencies in the development of a permanent program of improved drainage (Code 1939, Art. 2A, sec. 21).

Dairy Inspection Service

The Dairy Inspection Service was established in 1935. It is responsible for the administration of the dairy inspection laws. Dealers purchasing milk and cream from producers as well as all persons sampling, weighing and testing milk and cream are licensed by the agency. The Service inspects all scales and weigh tanks and calibrates glassware used in the testing of milk and cream (Code 1947 Supp., Art. 43, secs. 509-521).

Live Stock Sanitary Service

The Live Stock Sanitary Service was established in 1916 succeeding the Live Stock Sanitary Board. The agency is charged with the responsibility of preventing the introduction of diseases of animals or poultry from outside the State and the control and eradication of such diseases within the State. The Service is further responsible in cooperation with the State Department of Health for the suppression of diseases of animals or poultry which affect the public health. Facilities for the diagnosis of diseases are furnished at the main laboratory at College Park and in the branch laboratories located at Baltimore, Centreville, Frederick, Hagerstown and Salisbury (Code 1939, 1947 Supp., Art. 58).

Morgan State College was organized under the auspices of the Methodist Episcopal Church in 1867, as the Centennial Biblical Institute. The School remained under Church jurisdiction until its purchase by the State of Maryland in 1939. The name of the school was changed to Morgan College in 1890 in honor of Dr. Lyttleton Morgan whose gift of a large sum of money to the institution enabled it to offer academic work on a collegiate level. The College moved to its present location on Hillen Road in 1917 from its former location on Edmondson Avenue, Baltimore. Morgan State College is under the direction of a Board of Trustees of nine members, appointed by the Governor for terms of nine years, the term of one member expiring each year. The administration of the College is vested in the President who is appointed by the Board of Trustees (Code 1947, Supp., Art. 65A).

Morgan State College is an institution of higher learning for Negro youth devoting its primary efforts to the training of prospective teachers for the junior and senior high schools, and the preparation of students for entrance to graduate and professional schools. It also offers courses for women in homemaking and prepares students for employment in recreational and leisure-time activities through its departments of music, drama, and physical education. Through courses in commerce, training is given to students looking forward to careers in business. In order to perform these functions the College operates in three divisions: (1) *The College* which is at the campus on Hillen Road offers a standard four year course in the liberal arts and teacher training; (2) *The Summer School*, which meets at the Hillen Road campus for six weeks each summer and is designed primarily to offer "in-service-training" to colored teachers in Maryland schools; (3) *The Evening School* which is operated in cooperation with the Department of Education of the City of Baltimore; courses are given each evening throughout the academic year at Douglass High School providing an opportunity for youth and adults to secure instruction on the college level and to provide "in-service-training" to teachers in the Baltimore area. During the academic year 1948-49, Morgan had a net enrollment in all divisions of 2533, with 1595 regular students, 327 evening students, and 611 summer students.

The Department of Health, established in 1874, is governed by the State Board of Health. The Board is composed of the Director of the Department of Health, who also serves as its chairman, the Commissioner of Health of Baltimore City and six members appointed by the Governor for a term of six years (Code 1947 Supp., Art. 43, sec. 4).

The Department of Health functions through twenty-three sanitary districts organized throughout the State along county lines and through the health department organized in each of the counties. Each county health department is in charge of a Health Officer who also serves as the Deputy State Health Officer for his district. For regulatory purposes, the Montgomery County Council and the Board of County Commissioners in each of the other counties serves ex-officio as the county board of health (Code 1939, 1947 Supp., Art. 43, secs. 6-10, 45-50, 52; Acts 1949, Ch. 89).

Within the Executive office work regarding Public Health Education, nutrition and dietetics is carried on. The Public Health Education program includes assembling and distributing information on health promotion and disease prevention; preparing press releases, issuing a monthly bulletin; and compiling reports and other printed materials concerning the work of the Department. The Nutrition Program is educational. It stresses the need for adequate and well-balanced diets, and provides consultation in county and school clinics. The Consultant Dietitian is concerned with improving the diets in hospitals and institutions, particularly in the State tuberculosis hospitals.

Eight bureaus established by Acts of the General Assembly function within the State Department of Health (Code 1939 & 1947 Supp., Art. 43, secs. 33 & 191). Each is responsible for a particular phase of the public health program.

The Bureau of Communicable diseases, authorized by law in 1910, investigates the occurrence, distribution, and types of communicable diseases reported in the communities, assists the local health authorities and private physicians in diagnosis of such diseases, aids in the finding of unreported cases, and gives advice on the collection of laboratory specimens. The Bureau also administers the Pasteur treatment to those who may have been exposed to rabies, distributes free vaccine upon request of private physicians, and sponsors a venereal

disease control program consisting of clinics and educational work (Code 1939, Art. 43, sec. 34).

The Bureau of Bacteriology, organized in 1912, assists physicians and health officers in the diagnosis of disease incidental to treatment and control. Bacteriological and serological tests are made to aid in the diagnosis of infectious diseases. Many clinical laboratory tests are made, such as urinalysis and hematological and chemical tests of blood. The Bureau controls all laboratory work done in the counties of Maryland in connection with the diagnosis and control of human illness. Samples of water, shellfish, milk and other foods are examined incidental to control through the Chief Engineer and the Food and Drug Commissioner. The central laboratory is located at 2411 North Charles Street, Baltimore, with branch laboratories in Annapolis, Cambridge, Cumberland, Elkton, Easton, Frederick, Hagerstown, La Plata, Prince Frederick, Rockville, and Salisbury (Code 1939, Art. 43, sec. 35).

The Bureau of Chemistry, authorized by law in 1910, determines the sanitary quality of drinking waters, milk and food substances; the legality of drug products, pharmaceutical, and medicinal preparations sold to the public. Chemical laboratories are operated at 2411 North Charles Street, Baltimore, and Cambridge, Maryland (Code 1939, Art. 43, sec. 37).

The Bureau of Sanitary Engineering, organized in 1912, supervises the purity of water and examines all sewage, water works, and refuse disposal projects operated or constructed throughout the State. It administers the regulations of the State Board of Health relating to sewage disposal and water supply and exercises general supervision over trade wastes, aerial pollution, and stream pollution in general (Code 1939, Art. 43, sec. 38).

The Bureau of Vital Statistics, organized in 1912, registers through the County Health Officers births and deaths within the State and receives from each county copies of marriage and divorce records for statistical tabulation and as a safeguard against the destruction of the original record. Copies, either certified or uncertified, of birth and death records may be secured from the Bureau. It also publishes monthly and annual summaries of current vital statistics (Code 1939, Art. 43, sec. 40).

The Bureau of Maternal and Child Health and Services to Crippled Children, organized in 1922, is responsible for the investigation and control of diseases relating to maternity and infancy and the causes of infant mortality. It operates in cooperation with the county health departments' pre-natal, post-natal, and child care clinics; and provides in cooperation with the Department of Education a school health program. This Bureau also administers the services provided for crippled children including orthopedic clinics, physiotherapy treatments, and hospitalization (Acts 1949, Ch. 9).

The Bureau of Medical Services, organized in 1945, administers the Maryland program for the care of the indigent ill. It licenses hospitals, nursing homes and homes for the aged and assists the Division of Hospital Construction and Administration in the supervision of the chronic disease hospitals (Code 1947, Supp., Art. 43, sec. 44A). The Division of Cancer Control, organized within the Bureau of Medical Services in 1945, administers in cooperation with the American Cancer Society a cancer control program which includes lay and professional

education, research in cancer control, and the operation of tumor and cancer clinics.

The Bureau of Food and Drugs was organized in 1910. The chief of the Bureau is the State Commissioner for Food and Drugs. The Bureau inspects and samples all food and drug products manufactured or sold within the State to determine their purity, honesty of labeling and compliance with the Pure Food and Drug Act. It makes periodic inspections of places where food or drugs are produced, manufactured or sold (Code 1939, Art. 43, sec. 191).

Also operating within the Department are eight Divisions organized by the State Board of Health.

The Division of Industrial Health enforces the provisions for the prevention of occupational diseases as provided in the Workmen's Compensation Act. Periodic inspections of industrial plants are made to determine the extent and severity of health hazards and to recommend needed corrections.

The Division of Oral Hygiene is charged with the organization and supervision of county and school dental clinics. Educational work on the importance and maintenance of health is carried on through lectures, clinics, moving pictures and pamphlets distributed by the Division.

The Division of Hospital Construction and Administration administers the hospital construction program according to the State plan prepared under the Hill-Burton Act. Under this program Federal funds for construction are made available on a matching basis and are allotted according to a priority schedule which is part of the State plan. Preliminary studies of projected construction are made in co-operation with the sponsoring groups. Inspections are made during construction. This office also shares, with the Bureau of Medical Services, responsibility for administration of the chronic disease hospitals.

The Division of Personnel and Accounts purchases supplies, materials and equipment for all the bureaus and divisions. It exercises general supervision over all employees and accounts of the Department. The Division also supervises the finances of the County Health Departments and works with county and town officials in preparing joint budgets for local health work.

The Division of Public Health Nursing supervises the development of the nursing program; directs public health nursing technique, the recruitment of nursing personnel; and correlates the Department's nursing program with other public health nursing services operating in Maryland.

The Division of Legal Administration is charged with the investigation of all infractions of public health laws and administers the bedding and upholstery law.

The Division of Mental Hygiene is responsible for the direction of the non-institutional mental health program in Maryland. In co-operation with local health authorities, mental health clinics are operated in ten counties of the State.

The Division of Tuberculosis Services is the successor to the Maryland Tuberculosis Sanatoria Commission in the administration of the

The State Department of Public Welfare is the central, coordinating and directing agency of all welfare activities in the State, including aid to dependent children, old age assistance, child welfare services, and any other welfare activities, financed in whole or in part by the State or Federal Government (Acts 1949, Ch. 108). The Governor is authorized to designate the Chairman of the Board, and to arrange the terms of the members so that they will hold office for staggered terms of six years, the terms of three members expiring on June 1st of every second year (Acts 1949, Ch. 12).

In each county there is a County Welfare Board, constituting an administrative department of the local government, with authority to administer under the supervision, direction and control of the State Department, the welfare activities within each county, including the care of neglected, dependent and delinquent children. Each County Board consists of six persons, who are appointed for six-year terms by the Board of County Commissioners. Each year the County Commissioners designate one of its members to serve on the Welfare Board (Code 1947 Supp., Art. 88A, secs. 12, 13).

The duties of the Department include the investigation of the system of public and private institutions, organizations and agencies of a charitable nature in the State, including those which receive part of their income from the State, except those placed by law under the supervision of another State agency. Prior to the convening of each regular session of the General Assembly, the Director furnishes to the Governor a report which includes activities of the Department, the conditions of all charitable institutions, organizations, and agencies, excepting hospitals receiving financial aid from the State, and recommendations as to appropriations. All monies appropriated to institutions, organizations, and agencies, excepting hospitals, are paid on a per capita basis at the rates, and subject to the rules and regulations, established by the State Board of Public Welfare (Acts 1947, Ch. 108).

The Department has the administration of the laws regarding the placement of children in this State by out-of-State agencies. It licenses agencies, institutions, and individuals having the care and custody of minors; these include child placement agencies and foster homes for minors (Acts 1949, Ch. 14). Individuals not regularly engaged in the business of providing foster homes for minors, who receive into their home one or more minors, other than children related to them by blood or marriage, must register with the State Department of Public Welfare their intention to receive such minor, stating whether or not the purpose is to adopt (Code 1947 Supp., Art. 88A, sec. 16H).

The State Department of Public Welfare is responsible for the supervision, direction and control of the four State training schools. In developing the program within each training school, including provision for after-care supervision, the Department establishes rules and regulations, standards of care, policies of admission, transfer and discharge, and may order changes in the policies, conduct or management of the four State training schools. Subject to these limitations, each of the schools is under the general management of its Board of Managers. The Governor appoints nine members for staggered terms

of six years, so arranged that the terms of at least three members expire every two years (Code 1947 Supp., Art. 88A, sec. 18).

BOARD OF NATURAL RESOURCES

Chairman: David H. Wallace, Chairman, Commission of Tidewater Fisheries

Ex-officio Members:

Ernest A. Vaughn, Director, Department of Game and Inland Fish

Joseph T. Singewald, Jr., Director, Department of Geology, Mines and Water Resources

Joseph F. Kaylor, Director, Department of State Forests and Parks

R. V. Truitt, Director, Department of Research and Education

Appointed by Governor:

Merle E. Towner, 1950; Norman E. Carr, 1951; Richard W. Emory, 1954; George S. Miles, 1954; Philip R. Winebrenner, 1954; John M. Nelson, Jr., 1953; C. Hayden Metcalfe, 1952.

William H. Bayliff, Executive Secretary

State Office Building, Annapolis

Telephone: Annapolis 3405

In December 1940 the natural resources of Maryland were administered by nine separate conservation agencies. The General Assembly which met in January 1941 consolidated these nine agencies into five equal Departments (Code 1947 Supp., Art. 19A, secs. 5-12G), namely, Department of Tidewater Fisheries, Department of Game and Inland Fish, Department of State Forests and Parks, Department of Geology, Mines and Water Resources, Department of Research and Education. The Bureau of Mines, formerly attached to the Department of Labor and Industry, was placed under the Department of Geology, Mines and Water Resources.

The same act which established these five Departments also created the Board of Natural Resources to coordinate and integrate the activities of these Departments (Code 1947 Supp., Art. 19A, secs. 1-4). The Board is composed of five ex-officio and eight appointive members. The ex-officio members are the Chairman of the Commission

of Tidewater Fisheries and the Directors of each of the four remaining Departments. Eight appointive members hold office for five-year terms and are designated by the Governor as follows: two from the tidewater counties of the Eastern Shore, two from the tidewater counties of the western shore and four from the State-at-large. The Chairman of the Commission of Tidewater Fisheries is designated by law as the Chairman of the Board, and since the former office is appointive, he is, for all practical purposes, also an appointive member. The Board is, therefore, composed of four professional ex-officio members who are Directors of Departments under Merit System rules of tenure and who, therefore, form its permanent nucleus; the remaining nine members, including the Chairman, are appointed by the Governor. The members of the Board receive no salary for their services. The Board was created to formulate broad general policies on conservation. It is directed to publish an annual report covering the activities of the five conservation Departments and is authorized to approve or disapprove certain regulations pertaining to the crab fishery (Code 1947 Supp., Art. 39, sec. 110B).

The appointment of an Oyster Commission in 1884 and its subsequent report was the beginning of the State's concern with tidewater fisheries. In 1907, a more permanent agency was created to deal with this problem; it was known as the Shellfish Commission. The duties of this commission were assumed by the Conservation Commission in 1916 and its successor, the Conservation Department, founded in 1922. However, the scope of these two agencies included not only tidewater fish, but also game and inland fish. The Commission of Tidewater Fisheries and its affiliated Department were created in 1941 as part of the Board of Natural Resources. The Chairman of the Commission and the two associate members are appointed by the Governor for a term of six years with overlapping tenure of office. The Commission formulates the basic policy which is administered by the Department of Tidewater Fisheries. The Commission also has power to make regulations governing the Crab Fisheries and to enter into compact with the State of Virginia in this regard, subject to review and approval by the Board of Natural Resources. The Department is administering a three-part program for the conservation

of the fisheries. The first is concerned with "farming" for the purpose of conserving and increasing the oyster. The second is a fish management program which limits the number of commercial licenses issued each year for the taking of fin-fish. The third is a program of interstate cooperation which is concerned primarily with the crabbing industry. In addition, each of these: crabbing, fin-fishing, and oystering is subject to certain regulatory restrictions. To enforce these regulations, the Department maintains a fleet of thirty-four patrol boats and one patrol plane (Code 1947, Art. 19A, secs. 5-10).

The Department of Game and Inland Fish is associated with the Board of Natural Resources. The present Department, established in 1943, superseded the Game and Inland Fish Commission and the game and inland fish functions of the Conservation Department. The Department of Game and Inland Fish is under the direction of a commission of five members appointed by the Governor from the several geographical regions of the State. The term of each member is five years, one term expiring each year. The Commission elects a chairman and a vice-chairman from its membership, and appoints the Director of the Department. The Commission has the power to promulgate such rules and regulations as it deems necessary for the conservation of the resources in its charge. Such rules may restrict, extend or enlarge the terms of the game and fresh water fish laws. The Department enforces the game and fresh water fish laws and such additional regulations as it enacts. It also receives the proceeds from the sale of angling and hunting licenses, these funds being used to finance the activities of the department (Code 1947, Art. 89, sec. 3-5).

As of June 30, 1949, the Department owned game farms and refuges totaling 22,226 acres. It has under lease many other properties under the Maryland Game Cooperative Program. The State-owned game farms operated by the department are as follows: Gwynbrook State Game Farm in Baltimore County, Montgomery State Game Farm in Montgomery County, Washington State Game Farm in Washington County, and Wicomico State Game Farm in Wicomico County. At these plants bobwhites, chukar partridges, wild ducks, and wild turkeys are raised.

In April 1946 a State-wide cooperative farm-game project in co-operation with the Soil Conservation Service and other agencies was approved by the Fish and Wildlife Service and is now being carried on in all twenty-three counties of Maryland. Another land use practice in Maryland which has resulted in direct benefit to many species of wildlife is the development and maintenance of over 100,000 acres of State forest lands in cooperation with the Department of Forests and Parks.

In several sections of Maryland special emphasis has been placed on refuges giving protection to critically reduced species, particularly wild turkeys, wild waterfowl and squirrels.

The Commission now owns and operates a fresh water fish hatchery at Lewistown, Frederick County, where trout and black bass are propagated in captivity. It also owns and operates trout rearing stations at Bear Creek in Garrett County and Beaver Creek in Washington County.

The Commission of State Forests and Parks consists of five members appointed by the Governor, one recommended by the Maryland Farm Bureau, one by the Maryland State Grange; a third member shall have had practical experience in the lumbering business, while the remaining two shall have an interest in the advancement of forestry. The members serve for a term of five years with overlapping tenure of office. They select their chairman and appoint the State Forester who serves as director of the Department of State Forests and Parks (Code 1947 Supp., Art. 39A, secs. 1-2).

A forestry department was first organized in 1906 under the State Board of Forestry. The present Department, associated with the Board of Natural Resources was organized in 1941, and is the successor of the first department. The Department of State Forests and Parks administers the tree marketing program under which woodland owners who plan to dispose of their timber may secure a free marking service to yield maximum return in saw timber and other forest products, with due provision made for a sustained yield of successive timber crops. The Department also administers the Forest Conservancy Districts Act designed to ensure the practice of forestry on privately owned woodlands throughout the State (Code 1947 Supp., Art. 39A, secs. 52-64). The district foresters of the Department serve as executive officers and secretaries of local forestry boards set up under the Act. Another responsibility of the Department is the protection from fire of 2,700,000 acres of public and private woodland. To carry out this assignment, the Department maintains a specially trained fire control force, which is supplemented by 600-700 forest wardens commissioned by the Governor. The protection of approximately 3,000,000 trees along the State highways is also a responsibility of the Department. A force of wardens is employed to supervise tree trimming operations by the public utility companies along their pole-line right of ways.

The Department administers ten State Forests with a total area of 120,666 acres. These forests serve as demonstration areas in forestry management. Recreational areas have been developed in several of them, notably, Herrington Manor on the Swallow Falls and New Germany on the Savage River. Parallel to this is the administration of nine State Parks of scenic or historic interest totaling 4,870 acres. The State Forests and Parks and their areas are as follows:

The Department of Geology, Mines and Water Resources was established in 1941, superseding the State Geological and Economic Survey Advisory Commission, the Bureau of Mines, the Water Front Commission, and the Water Resources Commission. The Department is under the direction of a Commission of five members appointed by the Governor for terms of five years. The term of one member expires each year. The Commission selects its own Chairman and appoints the Director of the Department. Those functions of the Department dealing with geology and water resources are under the immediate supervision of the Director; the supervision of the mining industry is charged to the Bureau of Mines.

The Department has supervision of topographic, geologic, hydrographic, and magnetic surveys. It prepares topographic, geologic and

such other maps as may be necessary to meet a specific need. Reports on the extent and character of the State's mineral and water resources are prepared by the Department. In cooperation with the United States Government, surveys of the water resources of the State are made. The agency investigates and recommends plans and policies for the protection of the State's waterfront and waterways against erosion. The Department has the further power to control and to conserve, in so far as is practicable, the surface and underground waters of Maryland; and to that end has jurisdiction over the construction and repairs of reservoirs, dams, and other water-way obstructions. In this regard, the Department works in cooperation with the Bureau of Sanitary Engineering of the State Department of Health. In order to carry out this function, the Department licenses all water well drillers in the State and issues a permit for each well to be drilled. The Commission also has the power to promulgate and enforce such rules as may be necessary to conserve the State's water resources (Code 1947 Supp., Art. 19A, secs. 12A-12C and Art. 96B).

The first Mine Inspectors were appointed by the Governor in 1878 serving in Allegany and Garrett Counties. These inspectors functioned independently, reporting only to the Governor, until 1916 when they were placed within the Department of Labor and Statistics. The inspection powers became a function of the Bureau of Mines upon its organization in 1922 as a unit of the Department of Labor and Statistics. Upon the organization of the Board of Natural Resources in 1941, the Bureau was transferred to the newly-created Department of Geology, Mines and Water Resources (Code 1947 Supp., Art. 89, sec. 17). The Bureau of Mines is responsible for the inspection of all mines within the State in order to maintain proper sanitation, ventilation, and safety standards in all mining operations. The Bureau has further jurisdiction over the weighing of all coal mined in the State (Code 1939, Art. 89, sec. 156). All persons or corporations engaging in open-pit or strip mining operations are required to register with the Bureau previous to the beginning of their operations and to report periodically during such operations. Upon the completion of such mining operations, the cuts must be so covered as to make possible the reclamation of the land (Code 1947 Supp., Art. 89, secs. 180-192). The Bureau of Mines examines all applicants for certificates of competency as mine foremen, assistant mine foremen, and fire bosses. The Bureau of Mines in cooperation with the University of Maryland and the Boards of Education for Allegany and Garrett counties conducts classes in mining operations throughout the Western part of the State. The Bureau, under the Act of 1949, is required to

furnish gaseous training to men applying for first-class certificates and fire boss certificates of competency. This work is being done in cooperation with the United States Bureau of Mines (Acts 1949, Ch. 305, secs. 36, 37, 40, 41, 43, 44, 45; Code 1939, Art. 89, secs. 38, 39, 42).

The Department of Research and Education was created in 1941 to function as a fact gathering and fact disseminating agency in the promotion of conservation work in Maryland, and to carry on the work of the State Weather Service. Supervision of the Department is vested in a Commission of Research and Education, consisting of five members appointed by the Governor from among the citizens of the State, each of whom must have either special training in or experience with natural resources. The members are appointed for terms of five years with overlapping tenure of office. The members of the Commission select their Chairman and appoint the Director of the Department and such staff members as may be necessary (Code 1947 Supp., Art. 19A, secs. 12D.-12G.).

The Department maintains four major programs—research, education, hatcheries, and the State Weather Service. The center for the researches and the educational program is at Solomons Island, the Chesapeake Biological Laboratory. The research program is concerned primarily with the applied aspects of conservation. Biological and economic problems, including hydrography and pollution, dealing with the more prominent fisheries have been emphasized. A periodical, research reports and educational pamphlets are issued. Emphasis in this work is on the school and college level. Lectures and demonstrations are provided for adults through clubs and other agencies. Courses are held at the Chesapeake Biological Laboratory for graduate students, teachers, school administrators and conservation law enforcement officers. Hatcheries for commercial fishes, the yellow perch and the shad, are provided at Severn Run and on the Potomac River. Fry are provided for all major tributaries and streams in the State. The State Weather Service is a joint project of the Federal government and the State. It provides pertinent and useful information to the general public, especially to the farmers and to air and water transportation interests. Headquarters for the Service are in the U. S. Customhouse, Baltimore.

The Water Pollution Control Commission was created in 1947 as a result of the recommendation of the temporary Committee on Water Pollution which had been designated to study the problem of water pollution in 1945. The Commission is composed of seven members, three of whom are appointed by the Governor for a term of six years, except that of the first three appointed one shall serve for two years, one for four years, and the third for six years. The other four members are the Director of the State Department of Health, the Chairman of the Board of Natural Resources, the Director of the Department of Game and Inland Fish, and the Director of the Department of Research and Education. The Chairman, who must be one of the appointed members, is designated by the Governor.

The Commission has the power to pass such regulations as are necessary to prevent the pollution of the streams and waters within the State. The agency studies and investigates all sources of stream pollution; it may request or suggest that known polluters take proper steps to correct the situation. Should any request or suggestion not be complied with, the Commission may order that the request be fulfilled within a definite period of time. Any polluter who has a complaint or feels a specific hardship in complying may receive a hearing before the Commission. The Department has collected data in regard to stream pollution in the various regions of the State and municipal sewage disposal, and is currently making a survey of industrial waste disposal. The agency maintains, at The Johns Hopkins University, a laboratory for the purpose of determining the amount and cause of water pollution through chemical and bacterial analysis (Code 1947 Supp., Art. 19A, secs. 29-34; Acts 1949, Ch. 239).

The terms of the members are for four years. However, of the first group, one was appointed for one year, two for two years, two for three years, and two for four years. All successive appointments shall be for full four-year terms. The purpose of the Commission is to raise funds for conducting publicity and advertising, sales promotion, education, and research to increase the demand for, and consumption of, Maryland apples. However, the first five hundred bushels sold by any producer are tax-exempt. Commercial growers must report all apples sold during the crop season by December 31 each year. Apples sold after the season shall be reported by the close of the following May. The funds received by the Commission for these purposes are deposited with the State Treasurer in a Merchandising Fund, and none of this money may be used for any other purpose (Code 1947 Supp. Art. 97, secs. 66-78).

Alice J. Ford, Secretary-Treasurer

The Department of Correction was organized in 1939 superseding the Board of Welfare and the Board of Prison Control in the supervision and administration of the penal institutions of the State. The Department is administered by a Board of Correction appointed by the Governor, with the advice and consent of the Senate. The Chairman of the Board, who is also the Director of the Department, is appointed by the Governor for a term of four years, while associate members of the Board are appointed for six terms. The Board has power to make such rules and regulations as are necessary for the government of the institutions under its control (Code 1939, Art. 27, sec. 743). The Superintendent of Prisons acts as executive of the department by a directive of the Board of Correction.

The Department supervises and operates the State Use Industries, which provide employment to the prisoners in the various penal institutions. The goods manufactured in the State Use Industries shops are for sale to the various agencies of the State of Maryland, the Federal Government, the District of Columbia, and the States and Territories of the United States as well as to the political subdivisions thereof. Manufactured products are also available to religious and charitable institutions providing the goods are used for their own use and are not for resale. In addition to the State Use Industries, employment of prisoners is also provided in the Public Works program of the State. The earnings of the prisoners are credited to their account and are payable to them upon release.

The Division of Classifications of the Department of Correction acts as a classification agency for each new admission to each of the correctional institutions. The Division secures information and data concerning the prisoner to classify him properly as to his abilities and to aid in his rehabilitation. The use of the indeterminate sentence, in two of the State's correctional institutions—the Reformatory for Males and the Reformatory for Women—has made the work of this division increasingly important. All data collected by the division concerning an individual prisoner both at the time of his admission and during the time of his confinement are reviewed by the Board of Correction previous to recommending him for parole or probation.

The Department of Correction is further responsible for making an annual inspection of the county jails of Maryland, making recommendations for their improvement (Code 1947 Supp., Art. 27, sec. 791).

MARYLAND PENITENTIARY

Edwin T. Swenson, Warden

954 Forrest Street, Baltimore 2

The concept of a central penitentiary for an entire state was a creation of eighteenth century humanitarianism in America. It was original in form in that for the first time a penal institution was designed to serve more than a single county, town or parish, and it was original in purpose in that it proposed to treat its inmates not as enemies of society to be punished, but as penitents to be reformed. With this concept in mind the General Assembly of Maryland, in 1804, appointed a Commission to construct such an institution; however, because of financial difficulties the penitentiary was not completed and opened until 1811; the second institution of its type in the United States. The institution has operated continuously since the date of its opening. During its first 100 years, the institution was governed by a Board of Inspectors or a Board of Managers. With the establishment of the Board of Prison Control (now the Board of Correction) in 1917, the institution was placed under its control.

The Penitentiary is a maximum security penal institution and long-term offenders are confined here. All sentences of death are also executed at the Penitentiary.

Prisoners are employed at the State Use Industries shops which are designed to provide employment and practical vocational training. The following shops are now operating: printing, auto tag, shoe manufacturing, woodworking, brush manufacturing, sewing, mattress and upholstering, metal products, and knitting.

The average population of the penitentiary is approximately 1,265.

The Maryland House of Correction was established in 1878. It is a medium security penal institution for male offenders who are convicted of crime and sentenced to imprisonment for three months or more. The institution operates a farm and maintains a herd of dairy cattle which supplies dairy products to this institution, the Penitentiary and the Reformatory for Women. Under the States Use Industries organization, a soap factory, cannery, tobacco and clothing shop are operated. Other inmates are employed under the Public Works program. The Road Camps operate out of this institution. A school is also operated at the House of Correction. The

MARYLAND STATE REFORMATORY FOR MALES

Henry Russell Raymond, Superintendent

Breathedsville (Washington County) Telephone: Breathedsville 2800

The Maryland State Reformatory for Males was established in 1945 at the penal institution originally established as the State Penal Farm in 1931. The Reformatory is a minimum security institution.

Male offenders from 16 to 25 are committed to the Reformatory by the Courts for an indeterminate sentence. While primarily for youthful offenders, the Board of Correction may transfer prisoners of any age from the House of Correction or the Penitentiary to the Reformatory. The Board may also transfer incorrigible and unmanageable inmates of the Reformatory to other institutions.

The Reformatory conducts an educational program with regular classes in basic education as well as in vocational and industrial arts education. The institution has the part-time services of a psychologist to aid in the classification and examination of those committed. Located on an 875 acre farm, a dairy cattle herd is maintained which supplies dairy products to the Reformatory as well as to other state institutions. A cannery is also operated, and other inmates are employed on Public Works projects. The average population of the Reformatory is 800 (Code 1947 Supp., Art. 27, secs. 758-760A).

The Division of Parole and Probation was created as the successor to the Parole Commissioner. The Board of Parole and Probation is charged with responsibility for the administration of parole in Maryland. The Governor, with the consent of the Senate, appoints the Director, for a term of two years, who automatically becomes the Chairman of the Board of Parole and Probation. The Director, the Attorney General, the State Superintendent of Prisons, and the Chief Probation Officer of the Supreme Bench of Baltimore City constitute the Board. The last three members serve ex-officio and without pay. It is the Director who has the sole power to recommend persons to the Governor for release on parole, but the Division makes such investigations of applicants for executive clemency as the Governor directs. The Governor has the sole power to pardon. The Director serves also as Administrator of the Inter-State Compact for the reciprocal supervision of parolees and probationers. The Director also controls the releases of prisoners serving indeterminate sentences at the State Reformatory for Women and at the State Reformatory for Males, who have been recommended for his consideration by the Board of Correction. The Division makes available the services of its investigating officers to the Circuit Courts and the Criminal Court of Baltimore City. In addition to the Annapolis office, there are offices located in Baltimore City, Chestertown, Hagerstown and Upper Marlboro (Code 1939, Art. 41, secs. 75-78, 82-86).

The Inter-State Compact places under the jurisdiction of the Administrator, during the parole or probationary period, any person convicted of an offense within the State of Maryland who may thereafter be placed on probation or released on parole to reside in another State. Similarly, the administrator decides whether parolees and probationers from another State may reside in Maryland. The Division is currently carrying about 189 cases under the Inter-State Compact (Code 1939, Art. 41, sec. 89)

The Charter of Maryland granted to Lord Baltimore the power to raise troops to put down insurrection or rebellion and to subdue the enemies of the province. The military has been since that time an integral part of the State's functions. The present military establishment of Maryland is in conformity with the National Defense Act of 1922 and subsequent amendments (Code 1939 and 1947 Supp. Art. 65). The Adjutant General is appointed by the Governor with the consent of the Senate and serves until his successor is appointed and qualified or until he is removed from office as a result of sentence imposed by court martial (Const. 1867, Art. 9, sec. 2). The Adjutant General, as the ranking line officer, is head of the Military Department and exercises all the powers and duties of that office in conformity with the regulations and customs of the United States Army. The Department is responsible for the preparation of all forms necessary for use by the State's military service, and it prepares the reports and returns required by the United States. A register of all commissioned officers and a record of all enlisted men of the Maryland National Guard are maintained. The Ranking Line Officer is the custodian of all State and federal property in use by the organized militia and apportions and provides for the proper application of funds for the military establishment. The Department is also responsible for the care and maintenance of all armories located in Maryland and all other properties which may be occupied, purchased or leased by the military service. The Ranking Line Officer has the power to make all reasonable and necessary regulations in regard to the use of such facilities, and all applications for the use of the armories should be made to him.

In time of war or other national emergency when the National Guard is absent from the State, the Governor, as Commander in Chief, has the power to organize the Maryland State Guard. Such forces are separate and distinct from the National Guard and are composed of officers, commissioned or assigned, and all able-bodied male citizens of the State who volunteer for service. Such forces are uniformed as prescribed by the Governor. The Governor also has the power to reduce the number or to disband such forces whenever he deems it necessary.

The Department of State Police was established in 1935. The Department is under the direction of the Superintendent who is appointed by the Governor for a term of four years. The Maryland State Police are responsible for the enforcement of the criminal and motor vehicle laws of the State. The Police have jurisdiction in all parts of the State except within the limits of any incorporated municipality which maintains a police force, save (1) when in pursuit of an offender or suspected offender; (2) in search of an offender or suspect wanted for a crime committed in another jurisdiction; (3) when seeking to interview a witness to a crime; (4) when requested by the chief executive officer or the chief police officer of the municipality, or when ordered by the Governor; or (5) when enforcing the motor vehicle laws of the State (Code 1947, Supp. Art. 88B, secs. 3, 21, 24).

To aid in the carrying on of its work, the Department operates a Bureau of Criminal Identification and Statistics. The Bureau maintains fingerprint and photograph files and cooperates with the Federal Bureau of Investigation and the police forces of other jurisdictions in the exchange of information relating to the identification of offenders or suspects. The General Assembly in 1941 authorized the establishment of the Traffic Collision Statistical Bureau. This Bureau receives reports of accidents from the various local police departments throughout the State, tabulating and analyzing such reports and preparing a monthly summary and analysis of all accidents which is published in cooperation with the Maryland Traffic Safety Commission. A Traffic Staff has been organized within the Department for the purpose of promoting traffic safety and traffic safety educational programs. The members of the staff speak before civic groups and organizations and plan to build a library of motion pictures and related visual aids to augment its works (Code 1947 Supp., Art. 88B, secs. 40-45).

The Communication Bureau, established in 1935, provides radio and teletype communication service with the various police barracks throughout the State. It is a unit in a teletype network covering fourteen States and the District of Columbia. The Bureau also provides radio communication service to the patrol boats of the Department of Tidewater Fisheries. Through the Communication service the latest weather forecasts are transmitted to the local barracks for dispatch to County Agricultural Agents; such reports are also transmitted to the District headquarters of the State Roads Commission. The Department provides ambulance service to rural areas as well as emergency service in the case of accidents. It maintains ten ambulances throughout the State for this purpose. A Training School

is operated by the Department at Pikesville for the purpose of training recruits of the Maryland State Police; as well as the training of other law enforcement officers of the State of Maryland. The work of the Department is carried on through its local barracks located throughout the States as follows:

The Commission consists of three members, appointed by, and holding office at the pleasure of, the Governor. One of the members must be a resident of the Eastern Shore, one a resident of the Western Shore, and one a resident of Baltimore City, or a person who, at the time of his appointment and for a period of at least two years prior thereto, has continuously had his principal place of business, or employment or professional activity in Baltimore City. The State Roads Commission has jurisdiction over the construction, maintenance and administration of the State highway system; and in addition, maintains, constructs, or reconstructs the road systems

of eleven of the twenty-three counties of the State. It is responsible for the making of preliminary surveys and plans for the construction of any proposed highway, making final reviews of those plans and making necessary recommendations for the specifications and special provisions which may become a part of the contract. Through the Maintenance Division, the Commission provides the necessary resurfacing, drainage, traffic service, and snow removal of the highways included in the State's system. The agency, through its Materials Division conducts and makes tests of all materials used in the construction and maintenance of the highways and bridges and in the maintenance of the Ferry System. A Traffic Division is also maintained by the Commission for the purpose of making traffic counts, traffic origin and destination surveys, and such other surveys as are necessary to determine the need of highway improvement through rerouting, widening, straightening, or clearance of sight obstacles; as well as to determine the need for traffic signals, warning signs, and destination markers. The department also prepares State and individual county road maps. The Construction Division is responsible, through the Division of Road Design, for the making of surveys, preparation of plans, the preparation of quantities for bid proposals, final surveys, and final estimates; and through the Division of Bridge Design for similar preparatory and final quantities in connection with the design and construction of bridges; and for the construction of highways and bridges in full conformity with the contract, specifications, and plans. The Right of Way Division is responsible for acquiring of the rights of way essential to the modernization of the existing highways and bridges, as well as, that required for new highways and bridges.

Five Year Highway Program

The General Assembly of 1947 authorized a five year highway improvement and construction program beginning in 1948. This program contemplates the expenditure of approximately \$40,000,000 each year during the five year period. The Legislature further authorized the issuance of Revenue Bonds for the purpose of constructing toll bridges, tunnels, and roads and to consolidate the income from any two or more projects for the support of the bonded debt. The selection of the route as a toll road or the project as a toll bridge must be made in accordance with the specific provisions of the law (Code 1947, Art. 89B, secs. 122A-122U).

The name was changed to the Chesapeake Bay Ferry System. The system is self supporting, deriving its revenue from ferry tolls. In 1943, a new ferry terminal was constructed and opened for traffic at Sandy Point, at which time the terminal facility at Annapolis was abandoned. Also, new ferry slips were constructed at Matapeake and at Claiborne. The existing ferry fleet now numbers five vessels—the Motorships—"John M. Dennis", "Eastern Bay", "Governor Emerson C. The office of Commissioner of Motor Vehicles was established in 1910. The Commissioner, who is appointed by the Governor with the advice and consent of the Senate for a term of four years, serves as the director of the Department. The Department of Motor Vehicles is responsible for the issuance of drivers' licenses and for the titling, registration and licensing of all motor vehicles operating continuously within the State.

The Department examines all persons seeking drivers' licenses in the State, the examination includes a road test and a knowledge of the motor vehicle laws of the State. These examinations are conducted in Baltimore City and in eighteen other cities and towns throughout the State. All motor vehicles registered in the State must have issued for them a certificate of title. There is levied an excise tax of two percent of the fair value of the vehicle for each original title registration and each subsequent transfer of title. The tax is collected by the Department. All commercial vehicles operating within the State of Maryland must carry financial responsibility insurance with an insurance firm licensed to do business within the State. All policies carried must be registered with the Department which issues a permit for operation in the State. All persons involved in Motor Vehicle accidents within the State and who are unable to satisfy a judgment arising therefrom must present to the Department adequate evidence of financial responsibility before their operator's license can be restored. The

Department maintains a file on all accidents occurring within the State, reports of which are required to be submitted by the terms of the law, and in addition a record of each individual owner who has been found guilty of a traffic violation.

The Commissioner of Motor Vehicles may refuse, suspend or revoke an operator's license when he deems a person unfit or unable to operate a motor vehicle. Appeals are permitted to the Courts from the decision of the Commissioner, except in those cases where the revocation is mandatory.

All fees collected for the registration and titling of motor vehicles and all fines levied by Justices of the Peace, Magistrates, and the Traffic Court of Baltimore City are collected by the Department for deposit to the credit of the Motor Vehicle Revenue Fund (Code 1939 and 1947 Supp. Art. 66½, secs. 3, 4, 21, 22, 78, 82, 83, 94-110H, 285; Acts 1949, Chs. 637, 707).

The Maryland Traffic Safety Commission was organized in 1941. The Commission of eighteen members is appointed by the Governor for six-year terms, one-third of these terms expiring every two years.

The Commission seeks to promote traffic safety on the streets and highways of Maryland; and seeks to coordinate the activities of public and private agencies interested in, or affected by, the problems of traffic safety, assisting such agencies to augment their programs by study, education and information. The Commission has enlisted the aid of business associations, civic groups, and newspapers in the promotion of traffic safety. The Department of Public Improvements was created by the General Assembly in 1947. The director of the Department is the Chief Engineer, who is appointed by the Governor for a term of four years (Code 1947 Supp., Art. 78A, secs. 8C, 8D). The Department provides the necessary technical assistance to the Board of Public Works which is charged with the administration of the Capital Improvements program. The Department also acts as approving agency under the Hill-Burton Act, which provides Federal aid for hospital construction. The Department of Public Improvements prepares the specifications for all buildings being constructed under its supervision, appoints the architect and supervises and approves the architectural drawings and designs. In cooperation with the Maryland Planning Commission, the Department has organized site-planning panels at many of the State institutions where construction is in progress or contemplated. Through these individual planning committees, the sites of buildings and other improvements may be selected with the thought of the maximum growth and development of the institution. The Department also maintains a record drawing of each institution showing water supply lines, sewage disposal systems and public utilities locations. These drawings will show all changes made and thus provide at all times accurate and complete information regarding all building sites. An inspection division is also maintained by the Department to insure that the standards and specifications established are observed. In addition to these continuing functions, the Department is preparing the State building code which will be presented to the General Assembly (Code 1947 Supp., Art. 78A, secs. 8G-8I).

COMMISSIONER OF THE LAND OFFICE

J. Lee Ball, Commissioner, 1951
 Arthur Trader, Administrative Assistant

Hall of Records, Annapolis

Telephone: Annapolis 3451

The Commissioner of the Land Office is appointed by the Governor, with the consent of the Senate, to hold office during the term of the Governor (Const. 1867, Art. VII, sec. 14). The Land Office keeps records pertaining to boundaries of land, including records of all warrants, certificates and patents for land from the settlement of the Province of Maryland in 1634, records of deeds, or abstracts of same, from 1786 to the present time, and abstracts of mortgages and releases from 1900 to the present time. Every clerk, after he records any deed, mortgage, release of mortgage or lease of real estate must make or have made a 35 mm. microfilm copy of every such record and transmit it to the Commissioner of the Land Office at the end of each year (Acts 1949, Ch. 504). The Commission hears and determines all disputes which may arise concerning the validity of surveys. The Land Office is now engaged in making, filing, and recording plats for subdivisions of land; copies of such plats are sent to the Supervisors of Assessments upon request. All plats that have been filed with the Clerks of Courts before June 1, 1945, are being microfilmed by the Land Office (Code 1947 Supp., Art. 17, secs. 72C, 72D).

All land now included in the limits of the State of Maryland was granted to Cecil, Lord Baltimore, in 1632. In 1680, there was established a Land Office, and four years later "The Land Council". This body was authorized to hear and determine all matters relating to land. Four years later when Maryland became a crown colony, the Land Office was closed. In 1715, after a long contest with the Governor and Council, the Secretary and the Assembly, the Lord Proprietor emerged with his rights restored, and the Land Office was reopened. After the Revolution, the State assumed the control of the Land Office (Act of Assembly of April Sess. 1777). From 1781 until 1841, there was a Land Office for the Western Shore and another for the Eastern Shore. The Constitution of 1851 created the office of the Commissioner of the Land Office.

The Hall of Records Commission was created by an act of the General Assembly in 1935. The Commission is an ex-officio body composed of the Governor, the Chief Judge of the Court of Appeals, the Comptroller, the President of The Johns Hopkins University, the President of St. John's College, the President of the Maryland Historical Society, and the President of the Board of Trustees of the Peabody Institute (Code 1939, Art. 41, sec. 123). The Commission supervises and controls the Hall of Records and appoints the Archivist, who is responsible for the functioning of the agency.

All public officials and all agencies of the State, as well as the counties, cities and towns of Maryland are authorized to deposit at the Hall of Records all records and documents not in current use. It is required, however, that all records, which are in the courthouses of the State and which were created prior to April 28, 1788, the date of ratification of the United States Constitution by the State of Maryland, be deposited at the Hall of Records (Code 1947 Supp., Art. 41, sec. 126A). The transfer of these records is now in process. In addition to these records the agency has in its custody the non-current records of many State agencies.

While the Board of Public Works has the power over the disposition of non-current records, all such records must first be offered to the Hall of Records, and then, should the Archivist decline the records, permission to destroy them may be sought from the Board of Public Works. Provision has also been made for the periodic disposition of certain non-current records upon a schedule arranged by the record custodian and the Archivist. All such schedules must be approved by the Board of Public Works. The original of any paper or document, except those excluded by law, which has been microfilmed, photostated, or reproduced by any other photographic method approved by the Hall of Records may also be destroyed. In all instances the record custodian must submit to the Archivist a listing of all records which have been destroyed (Acts 1949, Chs. 518, 755). The Hall of Records is authorized to reproduce upon request the records of any agency of the State government, as well as the land records of any Courts of the State upon the request of the Court (Code 1947, Supp. Art. 41, sec. 127).

The Hall of Records also maintains a library of official publications of the various State agencies, and all State agencies are required to deposit one copy of each official publication with the Hall of Records (Code 1947 Supp., Art. 41, sec. 103). The Hall of Records is further responsible for the editing and preparation of the MARYLAND MANUAL for 1950.

This Commission has general planning and park jurisdiction over the Maryland-Washington Metropolitan District created in 1927 and the Maryland-Washington Regional District created in 1939. Both districts are within Montgomery and Prince George's Counties adjoining the District of Columbia and embrace approximately 312 square miles. The 1949 estimated population of the entire Regional District in both counties exceeds 300,000 people.

The 1949 estimated taxable basis of the Montgomery County portion of the Regional District is \$257,500,000 and of the Metropolitan District \$253,770,000. The 1949 estimated taxable basis of the Prince George's County portion of the Regional District is \$139,812,631 and of the Metropolitan District \$129,957,471.

The Commission has been given, through bi-county enactments of the Maryland General Assembly, definite jurisdiction over the planning of the Maryland-Washington Regional District, which includes all of suburban Prince George's and Montgomery Counties and a considerable portion of agricultural Montgomery County.

The Commission is composed of six members appointed by the Governor. Two members must be residents and taxpayers of that portion of the Maryland-Washington Metropolitan District within Montgomery County; one may be a resident of any part of Montgomery County; two must be residents and taxpayers of that portion of the District within Prince George's County; and one may be a resident of any part of Prince George's County. Members have six-year overlapping terms, the terms of two of the first appointees from each county having been for four years. The Commission appoints a Secretary-Treasurer and a General Counsel. Regional offices are maintained in both counties.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to acquire, develop, maintain, and operate a park system with recreational facilities, the expense of which is paid from a separate park tax levied within the District. A recreational program has been authorized in the parks and other public places, revenue for which may be obtained from a special recreation tax or county grants. The Commission is authorized to cooperate and negotiate with Federal agencies for financial assistance under the terms

of the Capper-Cramton Act, and with other agencies in the park development program.

Within the Maryland-Washington Regional District, which includes and extends beyond the Metropolitan District, the Commission is empowered to make, adopt, and amend a general plan for the physical development of the District, including all factors of urban, suburban, rural, and regional planning. Plans and specifications for the construction of public works improvements and facilities are authorized to be prepared by the Commission. It is given specific sub-division control power, and jurisdiction over building inspection and permits, over street grades and locations, public buildings and utilities after the adoption of a major road plan, over street naming and house re-numbering, and the Commission has advisory zoning powers. The zoning ordinances and amendments, however, are enacted by the County Council of Montgomery County and the Board of County Commissioners of Prince George's County sitting as a District Council for that portion of the District within each county. The Commission recommends land use or zoning ordinances and similar ordinance subject matters to the respective District Councils. The Building Inspection departments of both counties function under the jurisdiction of this Commission. The administrative expenses of the Commission are paid from an administrative tax levied within the District. The taxes levied by the Commission, which are collected by the County Treasurer in Prince George's County and the Director of Finance in Montgomery County, are as follows:

UPPER POTOMAC RIVER COMMISSION

Chairman: John McMullen, 1953

Owen E. Hitchins, 1951; Lawrence M. Fraley, 1949

9 S. Mechanic Street, Cumberland

Telephone: Cumberland 4600

The Upper Potomac River Commission was established in 1935. The Commission is composed of three members; one appointed by the Governor who also serves as Chairman, and one each from the Counties of Allegany and Garrett, who are appointed by the respective Boards of County Commissioners. The term of each member is for six years, the term of one member expiring each second year. The Commission, which has jurisdiction in all of Allegany County and Election District Number Four of Garrett County, was created for the purpose of con-

serving and regulating the water resources of the Upper Potomac River and its tributaries. To carry out its purpose, the Commission is authorized to acquire lands, structures, buildings, waterways, watersheds, waterrights, or any stream bed for the purpose of conducting and operating a dam or reservoir. For this purpose, the County Commissioners of Allegany County were authorized by the General Assembly of 1939 to issue bonds in the amount of one million dollars, and to make a special tax levy to pay the principal and interest of the bonds. These bonds were issued in 1940 and the construction of a Dam on the Savage River was begun with the assistance of the Public Works Administration and the Potomac River Board. The dam is still under construction. The special tax levy authorized has been held in abeyance until the completion of the project (Acts 1935, Ch. 409; Acts 1936, Ch. 6; Acts 1939, Ch. 143; Acts 1947, Ch. 165).

ATLANTIC STATES MARINE FISHERIES COMMISSION

Commissioners from the State of Maryland: David H. Wallace, Chairman, Commission of Tidewater Fisheries; Louis L. Goldstein, Member of the State Senate; Appointed by the Governor; Carl Veach, 1950.

Wayne D. Heydecker, Secretary-Treasurer

415 Lexington Ave., N. Y. 17, N. Y. Telephone: Murray Hill 2-0912

The Atlantic States Marine Fisheries Commission is an outgrowth of the "Eastern Seaboard Conservation Conferences" begun in 1937. A compact was drawn up and ratified by seven states, including Maryland, in 1941. This compact which was approved by the United States Congress and signed by the President in 1942 is the legal basis of the Atlantic States Marine Fisheries Commission which today is joined by fifteen Eastern Seaboard States.

Each State is represented by three Commissioners, one of whom must be the Chairman or director of the Fisheries Management Agency, one a legislator and a member of the Interstate Cooperative Committee; and the third selected by the Governor. The Commission acts in an advisory capacity only, aiding in the development of (1) uniform marine fisheries conservation laws; (2) adequate statistical programs regarding tidal and ocean fisheries; (3) a marine fisheries educational program, and (4) fisheries management and stabilization programs. To accomplish these ends, the Commission usually meets

in panels for the consideration of a particular species of fish or group of species; or in four regional groups as follows: (1) the North Atlantic States, (2) the Middle Atlantic States, (3) the Chesapeake Bay Area, and (4) the South Atlantic States. The technical advice and research facilities of the United States Fish and Wildlife Service are available to the Commission and its member states. The Commission is supported by contributions from each of the participating states, such contributions being proportional to the value of the State's annual marine fisheries catch as compared with the total Atlantic catch for the same season (Code 1947 Supp. Art. 39, secs. 26A-26F).

 Preston Lane, Jr., Governor; L. Harold Sothoron, 1951;
 George F. Hazlewood, 1951.

17th at H Streets, N.W., Washington 6 Telephone: National 3230

The Interstate Commission on the Potomac River Basin was established by an Act of Congress in 1940, and the compact was ratified by the participating states shortly thereafter. The Commission is composed of representatives from the United States Government, the States of Maryland, Pennsylvania, Virginia, and West Virginia, and the District of Columbia. The Representatives from Maryland include the Governor, and two members, who are residents of the Potomac River Conservancy District, appointed by the Governor for a term of two years (Code 1939, Art. 43, sec. 392). The Commission has jurisdiction over the Potomac River Conservancy District, created by the enabling Act. The District embraces an area of approximately 14,000 square miles with an estimated population of 2,000,000. The duties of the Commission are (1) to coordinate, tabulate, and summarize existing data on the character, pollution, and condition of streams in the Conservancy District; (2) to supplement existing data, when necessary, by conducting investigations; (3) to promote adoption by the signatory bodies of uniform legislation for the control of stream pollution; (4) to disseminate information to the public on the effects of stream pollution and the objectives of the Commission; (5) to cooperate with other organizations in, and conduct, if advisable, studies of treatment methods for sewage and industrial wastes; (6) to recommend to signatory bodies standards for cleanliness of streams.

The Commission is financed by appropriations from each of the participating bodies.

LEGISLATURE

THE GENERAL ASSEMBLY

JOSEPH R. BYRNES, President of the Senate

C. FERDINAND SYBERT, Speaker of the House of Delegates

The legislative powers of the State of Maryland are vested in the General Assembly which consists of two distinct branches, the Senate and the House of Delegates (Const. 1867, Art. III, sec. 1). The General Assembly at the present time consists of 152 members: 29 Senators and 123 members of the House of Delegates. Each County and each of the six Legislative Districts of the City of Baltimore is entitled to one Senator. The members of the House of Delegates are elected by the counties and the Legislative Districts of Baltimore City, and the number of Delegates from each legislative area is determined by its population.

Countries having a population of

less than 18,000.....	2 Delegates
18,000-28,000	3 Delegates
28,000-40,000	4 Delegates
40,000-55,000	5 Delegates
55,000-and over	6 Delegates

Each of the Legislative Districts of Baltimore City is entitled to the number of Delegates accorded the most populous county of the State (III, 2, 4).

Every Senator or Delegate must be a citizen of the State, and a resident of it for at least three years preceding the date of his election and the last year thereof, he must have resided in the county or the Legislative District of Baltimore City which he represents. A Senator must be at least twenty-five years of age at the time of his election and a Delegate at least twenty-one. No member of Congress or any person holding a civil or military office under the United States Government nor any clergyman or minister shall be eligible for election to the General Assembly (III, 9, 10, 11). The term of each Senator and Delegate shall be for four years from the date of his election (XVII). All vacancies occurring in either House through death, resignation or disqualification shall be filled by the Governor, who shall appoint a person whose name is submitted to him in writing by the State Central Committee of the party to which the person holding the vacated seat belonged, and the person appointed must be affiliated with that party. All persons so appointed shall serve for the unexpired portion of the term (III, 13, amended November 1936). Each House shall elect its own officers and shall be judge of its own members and shall establish rules for the conduct of its business.

The General Assembly meets annually. Sessions in odd-numbered years begin the first Wednesday in January and are limited to ninety days; the sessions meeting in even-numbered years begin the first Wednesday of February and are limited to thirty days. The Governor may call special sessions at any time he deems it necessary (III, 14, amended).

The General Assembly is required to pass at each regular session a budget bill which shall contain the budget for the State Government for the next fiscal year. Upon the passage of the bill by both Houses, it becomes law without further action (III, 52).

The General Assembly has power to pass such laws as are necessary for the welfare of the State, and in addition it has the power to pass public local laws for counties, towns, or special taxing areas. The General Assembly may establish such departments of the State Government as are necessary for its efficient operation and may establish special taxing districts or areas within the State for the purpose of administering a special function or functions. The General Assembly may establish such taxes as are in accordance with the Constitution of the State and of the United States. It may propose amendments to the State Constitution, which must be embodied in a regular legislative bill and passed by three-fifths of the total membership of each House. All amendments to the Constitution must be submitted to the voters at the next general election after its passage.

All bills passed by the General Assembly become Law when signed by the Governor or passed over his veto by three-fifths of the membership of each House, on the first day of June after the session in which the Law was passed; except, (1) when a later date is specified in the Act or (2) when the bill is declared an emergency measure and passed by three-fifths of the total number of members of each house, at which time the bill becomes law immediately upon its approval by the Governor.

Any bill, excepting an appropriation bill, may be submitted to a referendum either by action of the General Assembly as provided by the Act, or upon the petition of 10,000 qualified voters of the State of whom not more than one-half shall be resident in Baltimore City or in any one of the counties; excepting in cases of Public Local Laws which shall be submitted to a referendum upon a petition of ten percent of the qualified voters of the county, or of the City of Baltimore as the case may be. No bill subject to a referendum shall be enforceable until approved by a majority of the voters at the election in which the referred bill is voted upon, except an emergency bill which shall be effective immediately but shall not be effective after thirty days of its rejection by the voters (XVI).

The House of Delegates shall have sole power of impeachment of any officer of the State. A bill of impeachment must be approved by a majority of the whole number of members of the House. The Senate shall try all impeachment cases, and a verdict of guilty must be concurred in by two-thirds of the total number of Senators (III, 26). The Senate has the additional power to confirm officers appointed by the Governor as may be provided by the Constitution or by the act creating such office.

The State Treasurer is elected by a joint ballot of both Houses every fourth year. The General Assembly also elects the Governor in case of a tie or ineligibility of the winning candidate; and should the office become vacant while it is in session, then the General Assembly shall elect a successor. Otherwise, the President of the Senate succeeds to the office until the next regular session.

II. BALTIMORE CITY

Note: When Baltimore City became a separate governmental entity, divorced from all county connections, it maintained the officers characteristic of Maryland county government at that time with the exception of those in the Executive branch who were called Mayor and Council rather than Board of County Commissioners. Since that time the expansion of the City has brought about a high degree of specialization in the executive and administrative agencies so that the present government of Baltimore, with the exception of the traditional county offices and functions, bears little resemblance to the government of any of the counties.

It has been thought advisable for the purpose of the MARYLAND MANUAL to list, first, the traditional county officers which have been carried over into the City government and second those which are characteristic only of the City. This distinction is, however, difficult to make in the cases of more recent functions of local government such as health, welfare and education and in these cases these agencies have been listed with the traditional county officers for the sake of convenience.

Charter of Maryland

TRANSLATED FROM THE LATIN ORIGINAL

CHARLES,* by the grace of God, of *England, Scotland, France, and Ireland*, KING, Defender of the Faith, &c. To ALL to whom these Presents shall come, GREETING.

II. WHEREAS, our well beloved and right trusty Subject CAECILIUS CALVERT, Baron of BALTIMORE, in our Kingdom of *Ireland*, Son and Heir of GEORGE CALVERT, Knight, late Baron of BALTIMORE in our said Kingdom of *Ireland*, treading in the Steps of his Father, being animated with a laudable, and pious Zeal for extending the *Christian Religion*, and also the Territories of our Empire, hath humbly besought leave of US, that he may transport by his own Industry, and Expense, a numerous Colony of the *English Nation*, to a certain region, hereinafter described, in a Country hitherto uncultivated, in the parts of *America*, and partly occupied by Savages, having no Knowledge of the Divine Being, and that all that Region, with some Privileges, and Jurisdiction, appertaining unto the wholesome Government, and State of his Colony and Region aforesaid, may by our Royal Highness be given, granted, and confirmed unto him, and his heirs.

III. KNOW YE therefore, that WE, encouraging with our Royal Favour, the pious and noble Purpose of the aforesaid Baron of Baltimore, of our special Grace, certain Knowledge, and mere Motion, have GIVEN, GRANTED, and CONFIRMED, and by this our present CHARTER, for US, our Heirs, and Successors, do GIVE, GRANT, AND CONFIRM, unto the aforesaid CAECILIUS, now Baron of BALTIMORE, his Heirs, and Assigns, all that Part of the Peninsula, or *Chersonese*, lying in the Parts of *America*, between the Ocean on the East, and the bay of *Chesapeake* on the West, divided from the Residue thereof by a Right Line drawn from the Promontory, or Head-Land, called *Watkins' Point*, situate upon the Bay aforesaid, near the river of *Wighco*, on the West, unto the Main Ocean on the East; and between that Boundary on the South, unto that Part

* Charles the First, of England.

of the Bay of *Delaware* on the North, which lieth under the Fortieth Degree of North Latitude from the Aequinoctial, where *New-England* is terminated: And all the Tract of that Land within the Metes underwritten (*that is to say*) passing from the said Bay, called *Delaware Bay*, in a right line, by the degree aforesaid, unto the true Meridian of the first Fountain of the River of *Pattowmack*, thence verging toward the South, unto the further Bank of the said River, and following the same on the West and South, unto a certain place called *Cinquack*, situate near the Mouth of the said River, where it disembogues into the aforesaid Bay of *Chesapeake*, and thence by the shortest line unto the aforesaid Promontory or Place called *Watkins' Point*; so that the whole Tract of Land, divided by the Line aforesaid, between the Main Ocean, and *Watkins' Point*, unto the Promontory called *Cape-Charles*, and every the Appendages thereof, may entirely remain excepted for ever to US, our Heirs and Successors.

IV. Also WE DO GRANT, and likewise CONFIRM unto the said Baron of BALTIMORE, his Heirs, and Assigns, all Islands and Islets within the Limits aforesaid, all and singular the Islands, and Islets, from the Eastern Shore of the aforesaid Region, toward the East, which have been, or shall be formed in the Sea, situate within ten marine Leagues from the said Shore; with all and singular the Ports, Harbors, Bays, Rivers, and Straits belonging to the Region or Islands aforesaid, and all the Soil, Plains, Woods, Mountains, Marshes, Lakes, Rivers, Bays, and Straits, situate, or being within the Metes, Bounds, and Limits aforesaid, with the Fishings of every kind of Fish, as well as of Whales, Sturgeons, and other royal Fish, as of other Fish, in the Sea, Bays, Straits, or Rivers, within the Premises, and the Fish there taken: And moreover all Veins, Mines, and Quarries, as well opened as hidden, already found, or that shall be found within the Region, Islands, or Limits aforesaid, of Gold, Silver, Gems, and precious Stones, and any other whatsoever, whether they be of Stones, or Metals, or of any other Thing, or Matter whatsoever: And furthermore the PATRONAGES, and ADVOWSONS of all churches which, (with the increasing Worship and Religion of CHRIST) within the said Region, Islands, Islets, and Limits aforesaid, hereafter shall happen to be built, together with License and Faculty of erecting and founding Churches, Chapels, and Places of Worship, in convenient and suitable Places, within the Premises, and of causing the same to be dedicated and consecrated according to the

Ecclesiastical Laws of our Kingdom of *England*, with all, and singular such, and as ample Rights, Jurisdications, Privileges, Prerogatives, Royalties, Liberties, Immunities, and royal Rights, and temporal Franchises whatsoever, as well by Sea as by Land, within the Region, Islands, Islets, and Limits aforesaid, to be had, exercised, used, and enjoyed, as any Bishop of *Durham*, within the Bishoprick or County Palatine of *Durham*, in our Kingdom of *England*, ever heretofore hath had, held, used, or enjoyed, or of Right could, or ought to have, hold, use or enjoy.

V. And WE do by these Presents, for US, our Heirs and Successors, MAKE, CREATE, and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premises (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs, and Successors; to HAVE, HOLD, POSSESS, and ENJOY the aforesaid Region, Islands, Islets, and other the Premises, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns, forever. To HOLD of US, our Heirs and Successors, Kings of *England*, as of our Castle of *Windsor*, in our County of *Berks*, in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite*, nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of *Windsor*, every Year, on Tuesday in Easter-week: and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our most especial Grace certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plentitude of our royal Power and Prerogative, WE do, for Us, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. And forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true

LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind, WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full, and absolute Power, by the Tenor of these Presents, to Ordain, Make, and Enact LAWS, of what kind soever, according to their sound Discretion, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall require, by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs, and duly to execute the same upon all Persons, for the Time being, with the aforesaid PROVINCE, and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outward-bound, either to *England*, or elsewhere, whether to any other Part of Our, or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents, and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE, or his Heirs, shall seem most fitting: And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; and to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceeding, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætorian Judicatories, and Tribunals, in all Ac-

tions, Suits, Causes, and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætorian: Which said Laws, so to be published as above said, WE Will, enjoin, charge, and command, to be most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed. So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be not repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and Rights of this Our Kingdom of *England*.

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen, to which it will be necessary to apply a Remedy, before the Freeholders of the said PROVINCE, their Delegates, or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately, on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the said now Baron of BALTIMORE, and to his Heirs, that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesome Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publicly to notify the same to all Persons whom the same in anywise do or may affect. Which Ordinances WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Rights of our Kingdom of *England*: and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life, Freehold, Goods or Chattels.

IX. FURTHERMORE, that the new Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers: WE therefore, for US, our Heirs and Suc-

cessors, do by these Presents give and grant Power, License and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport themselves and their Families to the said PROVINCE, with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength, at the Appointment of the aforesaid now Baron of BALTIMORE; and his Heirs, for the Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain, and commend, that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland*; and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England*; also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever, within our Kingdom of *England*, and other our Dominions, to inherit, or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England*, freely, quietly, and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England*, without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance, or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and cheerful Mind: KNOW YE, that WE, of our especial Grace, certain Knowledge, and mere Motion, do, by the Tenor of these Presents, give and grant, as well to the aforesaid Baron of BALTIMORE, and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants

of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE, without the Impediment or Molestation of US, our Heirs or Successors, or of any officers of US, our Heirs or Successors, (Saving unto Us, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes) any Statute, Act, Ordinance, or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs, and Successors, do Give by these Presents, as full and unrestrained Power, as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains, or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born, for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also WILL, and by this our CHARTER, do Give unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, Power, Liberty, and Authority, that, in Case of Rebellion, sudden Tumult, or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the PROVINCE aforesaid, or upon the High Sea in making a Voyage to the said PROVINCE of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs

and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of any Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves from the Government of him or them, refusing to serve in War, Deserters, to the Enemy, exceeding their Leave of Absence, flying over to the Enemy, exceeding their Leave of Absence, Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. Constitution of Maryland

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND FORTY-EIGHT.

DECLARATION OF RIGHTS.

We, the People of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their Form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made, or which shall be made, in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby; anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the people thereof.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof, as a free, sovereign and independent State.

Art. 5. That the Inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that Law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from, or under the Charter granted by His Majesty Charles the First to Cæcilius Calvert, Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are the Trustees of the Public, and, as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought, to reform the old, or establish a new Government; the doctrine of non-resistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

Art. 7. That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose elections ought to be free and frequent; and every white¹ male² citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

¹ The word "white" is ineffective under the 15th Amendment to the Constitution of the United States.

² The word "male" became inoperative under the 19th Amendment to the Constitution of the United States.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art. 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

Art. 12. That for redress of grievances, and for amending, strengthening and preserving the Laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceable and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated or levied, under any pretense, without the consent of the Legislature.

¹Art. 15. That the levying of taxes by the poll is grievous and oppressive, and ought to be prohibited; that paupers ought not to be assessed for the support of the government; that the General Assembly shall, by uniform rules, provide for separate assessment of land and classification and subclassifications of improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the Counties and by the City of Baltimore for their respective purposes, shall be uniform as to land within the taxing district, and uniform within the class or sub-class of improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet fines, duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Art. 16. That sanguinary Laws ought to be avoided as far as it is consistent with the safety of the State; and no Law to inflict cruel and unusual pains and penalties ought to be made in any case, or at any time, hereafter.

Art. 17. That retrospective Laws, punishing acts committed before the existence of such Laws, and by them only declared criminal are oppressive, unjust and incompatible with liberty; wherefore, no *ex post facto* Law ought to be made; nor any retrospective oath or restriction be imposed, or required.

¹ Thus amended by Chapter 390, Acts of 1914, ratified November 2, 1915.

Art. 18. That no Law to attain particular persons of treason or felony, ought to be made in any case, or at any time, hereafter.

Art. 19. That every man, for any injury done to him in his person or property, ought to have remedy by the course of the Law of the Land, and ought to have justice and right, freely without sale, fully without any denial, and speedily without delay, according to Law of the Land.

Art. 20. That the trial of facts, where they arise, is one of the greatest securities of the lives, liberties and estate of the People.

Art. 21. That in all criminal prosecutions, every man hath a right to be informed of the accusation against him; to have a copy of the Indictment, or charge, in due time (if required) to prepare for his defence; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath; and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.

Art. 22. That no man ought to be compelled to give evidence against himself in a criminal case.

Art. 23. That no man ought to be taken or imprisoned or disseized of his freehold, liberties or privileges, or outlawed, or exiled, or, in any manner, destroyed, or deprived of his life, liberty or property, but by the judgment of his peers, or by the Law of the Land.

Art. 24. That Slavery shall not be re-established in this State; but having been abolished under the policy and authority of the United States, compensation, in consideration thereof, is due from the United States.

Art. 25. That excessive bail ought not to be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted, by the Courts of Law.

Art. 26. That all warrants, without oath or affirmation, to search suspected places, or to seize any person or property, are grievous and oppressive; and all general warrants to search suspected places, or to apprehend suspected persons, without naming or describing the place, or the person in special, are illegal, and ought not to be granted.

Art. 27. That no conviction shall work corruption of blood or forfeiture of estate.

Art. 28. That a well regulated Militia is the proper and natural defence of a free Government.

Art. 29. That Standing Armies are dangerous to liberty, and ought not to be raised, or kept up, without the consent of the Legislature.

Art. 30. That in all cases, and at all times, the military ought to be under strict subordination to, and control of, the civil power.

Art. 31. That no soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, except in the manner prescribed by Law.

Art. 32. That no person except regular soldiers, marines, and mariners in the service of this State, or militia, when in actual service, ought, in any case, to be subject to, or punishable by Martial Law.

Art. 33. That the independency and uprightness of Judges are essential to the impartial administration of Justice, and a great security to the rights and liberties of the People; Wherefore, the Judges shall not be removed, except in the manner, and for the causes, provided in this Constitution. No Judge shall hold any other office, civil or military or political trust, or employment of any kind, whatsoever, under the Constitution or Laws of this State, or of the United States, or any of them; or receive fees, or perquisites of any kind, for the discharge of his official duties.

Art. 34. That a long continuance in the Executive Departments of power or trust is dangerous to liberty; a rotation, therefore, in those departments is one of the best securities of permanent freedom.

Art. 35. That no person shall hold, at the same time, more than one office of profit, created by the Constitution or Laws of this State; nor shall any person in public trust receive any present from any foreign Prince or State, or from the United States, or any of them, without the approbation of this State.

Art. 36. That as it is the duty of every man to worship God in such manner as he thinks most acceptable to Him, all persons are equally entitled to protection in their religious liberty; wherefore, no person ought by any law to be molested in his person or estate, on account of his religious persuasion, or profession, or for his religious practice, unless, under the color of religion, he shall disturb the good order, peace or safety of the State, or shall infringe the laws of morality, or injure others in their natural, civil

or religious rights; nor ought any person to be compelled to frequent, or maintain, or contribute, unless on contract, to maintain, any place of worship, or any ministry; nor shall any person, otherwise competent, be deemed incompetent as a witness, or juror, on account of his religious belief; provided, he believes in the existence of God, and that under His dispensation such person will be held morally accountable for his acts, and be rewarded or punished therefor either in this world or in the world to come.

Art. 37. That no religious test ought ever to be required as a qualification for any office of profit or trust in this State, other than a declaration of belief in the existence of God; nor shall the Legislature prescribe any other oath of office than the oath prescribed by this Constitution.

¹Art. 38. That every gift, sale or devise of land to any Minister, Public Teacher or Preacher of the Gospel, as such, or to any Religious Sect, Order or Denomination, or to, or for the support, use or benefit of, or in trust for, any Minister, Public Teacher, or Preacher of the Gospel, as such, or any Religious Sect, Order or Denomination; and every gift or sale of goods, or chattels to go in succession, or to take place after the death of the Seller or Donor, to or for such support, use or benefit; and also every devise of goods or chattels to or for the support, use or benefit of any Minister, Public Teacher or Preacher of the Gospel, as such, or any Religious Sect, Order or Denomination, without the prior or subsequent sanction of the Legislature, shall be void; except always, any sale, gift, lease or devise of any quantity of land, not exceeding five acres, for a church, meeting-house, or other house of worship, or parsonage, or for a burying ground, which shall be improved, enjoyed or used only for such purpose; or such sale, gift, lease or devise shall be void. Provided, however, that except in so far as the General Assembly shall hereafter by law otherwise enact, the consent of the Legislature shall not be required to any gift, grant, deed, or conveyance executed after the 2nd day of November, 1948, or to any devise or bequest contained in the will of any person dying after said 2nd day of November, 1948, for any of the purposes hereinabove in this Article mentioned.

Art. 39. That the manner of administering an oath or affirmation to any person, ought to be such as those of the

religious persuasion, profession, or denomination, of which he is a member, generally esteem the most effectual confirmation by the attestation of the Divine Being.

Art. 40. That the liberty of the press ought to be inviolably preserved; that every citizen of the State ought to be allowed to speak, write and publish his sentiments on all subjects, being responsible for the abuse of that privilege.

Art. 41. That monopolies are odious, contrary to the spirit of a free government and the principles of commerce, and ought not to be suffered.

Art. 42. That no title of nobility or hereditary honors ought to be granted in this State.

Art. 43. That the Legislature ought to encourage the diffusion of knowledge and virtue, the extension of a judicious system of general education, the promotion of literature, the arts, sciences, agriculture, commerce and manufactures, and the general melioration of the condition of the People.

Art. 44. That the provisions of the Constitution of the United States, and of this State, apply, as well in time of war, as in time of peace; and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good Government, and tends to anarchy and despotism.

Art. 45. This enumeration of Rights shall not be construed to impair or deny others retained by the People.

SEC. 5. Part II—Court of Appeals.

SEC. 14. Until January 1, 1945, the Court of Appeals shall be composed of the Judges in office on November 7, 1944. The City of Baltimore shall, for the purposes of this section, be designated as the Fourth Appellate Judicial Circuit. The additional Judge from the Fourth Appellate Judicial Circuit shall be appointed by the Governor to serve until the election and qualification of his successor, as provided by Section 5 of this Article. Except as to such additional Judge, the Judges of said Court, in the first instance, shall be appointed by the Governor from their respective Appellate Judicial Circuits, but such appointments shall be made from among the elected Judges composing the Court of Appeals as of December 31, 1944. If, on December 31, 1944, there are no elected members of the Court of Appeals from any Appellate Judicial Circuit, the Governor shall designate the member of the Court of Appeals from that Appellate Judicial Circuit from among the appointed members of the Court of Appeals from that Appellate Judicial Circuit. If any Judge so appointed shall be a member of the Court of Appeals as of December 31, 1944, by virtue of having been elected to that office, his appointment shall be for the balance of the term for which he had theretofore been elected. The Judges so appointed from the First, Second, and Third Appellate Judicial Circuits shall cease to be Chief Judges of their respective Circuits. Any elected Judges from Cir-

No successor to any such additional Judge shall be appointed or elected as Judge of the Court of Appeals or (except as provided in Section 21 of this Article) as Judge of his Circuit, but any such additional Judge shall be eligible to appointment as the member of the Court of Appeals from his respective Appellate Judicial Circuit. Any vacancy in any Appellate Judicial Circuit shall be filled by designation by the Governor of one of the additional Judges from such Appellate Judicial Circuit, if any, to hold office for the residue of the term for which he was originally elected. Upon his appointment or designation as a member of the Court of Appeals from his Appellate Judicial Circuit, such additional Judge shall cease to be the Chief Judge of his Circuit. It shall hold its sessions in the City of Annapolis on the second Monday in January in the year 1945, and thereafter at such time or times as it shall from time to time by rule prescribe. Its session or sessions shall continue not less than ten months in each year, if the business before it shall so require, and it shall be competent for the judges temporarily to transfer their sittings elsewhere upon sufficient cause. SEC. 15. Four of said Judges shall constitute a quorum; no cause shall be decided without the concurrence of at least three; but the Judge who heard the cause below, shall not participate in the decision; in every case an opinion, in writing, shall be filed within three months after the argument, or submission of the cause; and the judgment of the

It shall also be the duty of said Judges of the Court of Appeals, as soon after their election as practicable, to devise, and promulgate by rules, or orders, forms and modes of framing and filing bills, answers, and other proceedings and pleadings in Equity; and also forms and modes of taking and obtaining evidence, to be used in Equity cases; and to revise and regulate, generally, the practice in the Courts of Equity of this State, so as to prevent delays, and to promote brevity and conciseness in all pleadings and proceedings therein, and to abolish all unnecessary costs and expenses attending the same. In the absence of the Chief Judge of the Court of Appeals the provisions of this Section shall be applicable to the senior judge present. The powers of the Chief Judge under the foregoing provisions of this section shall be subject to such rules and regulations, if any, as the Court of Appeals may make. The Court of Appeals from time to time shall make rules and regulations to regulate and revise the practice and procedure in that Court and in the other courts of this State, which shall have the force of law until rescinded, changed or modified by the Court of Appeals or otherwise by law. The power of the courts other than the Court of Appeals to make rules of practice and procedure shall be subject to the rules and regulations prescribed by the Court of Appeals or otherwise by law.

The State shall be divided into eight Judicial Circuits, in manner following, viz.: The Counties of Worcester, Somerset, and Dorchester¹, shall constitute the First Circuit; the Counties of Caroline, Talbot, Queen Anne's, Kent and Cecil, the Second; the Counties of Baltimore and Harford, the Third; the Counties of Allegany and Washington², the Fourth; the Counties of Carroll, Howard and Anne Arundel, the Fifth; the Counties of Montgomery and Frederick, the Sixth; the Counties of Prince George's, Charles, Calvert and St. Mary's, the Seventh; and Baltimore City, the Eighth.

SEC. 20. A Court shall be held in each County of the State, to be styled the Circuit Court for the County in which it may be held. The said Circuit Courts shall have and exercise, in the respective counties, all the power, authori-

ty and jurisdiction, original and appellate, which the present Circuit Courts of this State now have and exercise, or which may hereafter be prescribed by Law.

SEC. 21. From and after January 1, 1945, there shall be at least three judges for the first, second, third, fourth, fifth, sixth, and seventh circuits, to be styled judges of the Circuit Court, to be elected or appointed as herein provided. In any of said circuits in which there shall be more than three judges (including the additional judge of the Court of Appeals), no successor to the additional judge of the Court of Appeals shall be appointed or elected as judge of said circuit. In any of said circuits in which there shall be only three judges (including an additional judge of the Court of Appeals), a successor to the additional judge of the Court of Appeals shall be appointed and elected as judge of said circuit. The aforesaid number of judges for any of the circuits shall be subject to increase or decrease by law as provided in Section 5 of this Article. The senior judge in length of service shall be the chief judge of the circuit (unless there is an additional judge of the Court of Appeals); the other judge or judges shall be associate judges. No two of said judges of the Circuit Court shall at the time of their election or appointment, or during the term for which they may have been elected or appointed, reside in any one county other than Baltimore, Montgomery, Prince George's or Allegany County, and not more than two in any county except (if there is an additional judge of the Court of Appeals) Baltimore County. In case any candidate or candidates for judge at any election shall receive sufficient votes to cause such candidate or candidates to be declared elected, but the election of such candidate or candidates would cause more judges than herein permitted to reside in any county of the circuit, then and in that event there shall be declared elected only that candidate or those candidates residing in said county, in the order of the votes received, whose election would provide the permitted number of judges from said county, and also the candidate or candidates residing in some other county, and not similarly disqualified, who shall have the next highest number of votes in said election. If, by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of judges duly qualified as to residence shall not be elected at any election, then it shall be the duty of the Governor to order a new election for such unfilled office or offices. The said judges shall hold such terms of the Circuit Court in each of the counties composing their respec-

tive circuits, at such times, as are now prescribed or may hereafter be prescribed by rules or regulations by the Court of Appeals or otherwise by law. One judge in each of said seven circuits shall constitute a quorum for the transaction of any business; and the said judges, or any of them, may hold special terms of their Courts, when in their discretion, the business of the several counties renders such terms necessary.

All provisions of the Constitution of Maryland and all acts of the General Assembly relating to the Court of Appeals or any other courts, and all rules heretofore adopted by the Court of Appeals, not inconsistent with the provisions of the sections amended or added by this amendment, shall remain in full force and effect unless and until amended or repealed by proper authority. All salaries now prescribed by law for associate judges of the Circuit Courts shall continue to apply to all judges (including chief judges) of the Circuit Courts who are not judges of the Court of Appeals. No member of the General Assembly at which this amendment was proposed, if otherwise qualified, shall be ineligible for appointment or election as judge of the Court of Appeals or any other court by reason of his membership in such General Assembly. All appeals and other matters pending in the Court of Appeals on January 1, 1945, shall be proceeded with and determined by the Court as hereby constituted. In the event and to the extent of any inconsistency between the provisions of any section amended or added by this amendment and any of the other provisions of this Constitution or the provisions of any existing law, the provisions of the sections amended or added shall prevail, and such other provisions shall be repealed or abrogated to the extent of such inconsistency, except Section 35A of Article III of this Constitution; provided, however, that in the event of any inconsistency between the provisions of the sections thus amended or added and any of the other provisions of this Constitution as amended by any other amendments which may be adopted at the same time as this amendment, i. e., at the election held in November, 1944, the changes made by this amendment and all such other amendments to this Constitution shall all be given effect.¹

SEC. 22. Where any Term is held, or trial conducted by less than the whole number of said Circuit Judges, upon the decision or determination of any point, or question, by the Court, it shall be competent to the party, against whom the

ruling or decision is made, upon motion, to have the point, or question reserved for the consideration of the three Judges of the Circuit, who shall constitute a court in *banc* for such purpose; and the motion for such reservation shall be entered of record, during the sitting, at which such decision may be made; and the several Circuit Courts shall regulate, by rules, the mode and manner of presenting such points, or questions to the court in *banc*, and the decision of the said Court in *banc* shall be the effective decision in the premises, and conclusive, as against the party, at whose motion said points, or questions were reserved; but such decision in *banc* shall not preclude the right of Appeal, or writ of error to the adverse party, in those cases, civil or criminal, in which appeal, or writ of error to the Court of Appeals may be allowed by Law. The right of having questions reserved shall not, however, apply to trials of Appeals from judgments of Justices of the Peace, nor to criminal cases below the grade of felony, except when the punishment is confinement in the Penitentiary; and this Section shall be subject to such provisions as may hereafter be made by Law.

SEC. 23. The Judges of the respective Circuit Courts of this State, and of the Courts of Baltimore city, shall render their decisions, in all cases argued before them, or submitted for their judgment, within two months after the same shall have been so argued or submitted.

SEC. 24. The salary of each Chief Judge and of the Judge of the Court of Appeals from the City of Baltimore shall be three thousand five hundred dollars, and of each Associate Judge of the Circuit Court, shall be two thousand eight hundred dollars per annum, payable quarterly, and shall not be diminished during his continuance in office.¹

SEC. 25. There shall be a Clerk of the Circuit Court for each County, who shall be elected by a plurality of the qualified voters of said County, and shall hold his office for six years from the time of his election, and until his successor is elected and qualified, and be re-eligible, subject to be removed for wilful neglect of duty or other misdemeanor in office, on conviction in a Court of Law. In case of a vacancy in the office of Clerk of a Circuit Court, the Judges of said Court shall have power to fill such vacancy until

¹ By Chapter 81, Acts of 1949, the salary of the Chief Judge of the Court of Appeals was set at \$17,500; that of each Associate Judge of the Court of Appeals at \$16,500; that of each Judge of the Supreme Bench of Baltimore City at \$9,500 (this sum being supplemented by the City of Baltimore); and that of each judge of the first seven judicial circuits at \$13,000. the general election for Delegates to the General Assembly, to be held next thereafter, when a successor shall be elected for the term of six years.¹

SEC. 26. The said Clerks shall appoint, subject to the confirmation of the Judges of their respective Courts, as many deputies under them, as the said Judges shall deem necessary to perform, together with themselves, the duties of the said office, who shall be removable by the said Judges for incompetency, or neglect of duty, and whose compensation shall be according to existing, or future provisions of the General Assembly.

Part IV—Courts of Baltimore City.

SEC. 27. There shall be in the Eighth Judicial Circuit six Courts, to be styled the Supreme Bench of Baltimore City, the Superior Court of Baltimore City, the Court of Common Pleas, the Baltimore City Court, the Circuit Court of Baltimore City² and the Criminal Court³ of Baltimore.

SEC. 28. The Superior Court of Baltimore City, the Court of Common Pleas and the Baltimore City Court⁴ shall each have concurrent jurisdiction in all civil common Law cases, and concurrently, all the jurisdiction which the Superior Court of Baltimore City and the Court of Common Pleas now have, except jurisdiction in Equity, and except in applications for the benefit of the Insolvent Laws of Maryland, and in cases of Appeal from judgments of Justices of the Peace in said City, whether civil or criminal, or arising under the ordinances of the Mayor and City Council of Baltimore, of all of which appeal cases the Baltimore City Court shall have exclusive jurisdiction; and the said Court of Common Pleas shall have exclusive jurisdiction in all applications for the benefit of the Insolvent Laws of Maryland, and the supervision and control of the Trustees thereof.

SEC. 29. The Circuit Court of Baltimore City shall have exclusive jurisdiction in Equity within the limits of said city, and all such jurisdiction as the present Circuit Court of Baltimore City has; provided, the said Court shall not have jurisdiction in applications for the writ of *habeas corpus* in cases of persons charged with criminal offenses.

⁴ The jurisdiction of the Baltimore City Court, the Superior Court and the Court of Common Pleas was enlarged by Chapter 177, Acts of 1870.

SEC. 30. The Criminal Court of Baltimore shall have and exercise all the jurisdiction, now held and exercised by the Criminal Court of Baltimore, except in such appeal cases as are herein assigned to the Baltimore City Court.

SEC. 31. There shall be elected by the legal and qualified voters of said city, at the election, hereinbefore provided for, one Chief Judge, and four Associate Judges, who, together, shall constitute the Supreme Bench of Baltimore City, and shall hold their offices for the term of fifteen years, subject to the provisions of this Constitution with regard to the election and qualifications of Judges and their removal from office, and shall exercise the jurisdiction, hereinafter specified, and shall each receive an annual salary of three thousand five hundred dollars¹, payable quarterly, which shall not be diminished during their term of office; but authority is hereby given to the Mayor and City Council of Baltimore to pay to each of the said judges an annual addition of five hundred dollars to their respective salaries; provided, that the same, being once granted shall not be diminished, nor increased, during the continuance of said Judges in office.

SEC. 31A. In addition to the authority granted to the Mayor and City Council of Baltimore by the preceding section to pay to each of the judges of the Supreme Bench the annual sum of Five Hundred Dollars, authority is hereby given to said Mayor and City Council to pay to each of said judges such further annual sum as an addition to their respective salaries as the Mayor and City Council of Baltimore shall from time to time deem right and proper, provided, that any such sum being once granted shall not be diminished during the continuance of said judges in office.²

SEC. 32. It shall be the duty of the said Supreme Bench of Baltimore City, as soon as the Judges thereof shall be elected and duly qualified, and from time to time, to provide for the holding of each of the aforesaid Courts, by the assignment of one, or more of their number to each of the said Courts, who may sit either, separately, or together, in the trial of cases; and the said Supreme Bench of Baltimore City may, from time to time, change the said assignment, as circumstances may require, and the public interest may demand; and the Judge or Judges, so assigned to the said several Courts, shall, when holding the same, have all the powers and exercise all the jurisdiction, which may

SEC. 33. The said Supreme Bench of Baltimore City shall have power, and it shall be its duty, to provide for the holding of as many general terms as the performance of its duties may require, such general terms to be held by not less than three judges; to make all needful rules and regulations for the conduct of business in each of the said Courts, during the session thereof, and in vacation, or in Chambers, before any of said Judges; and shall also have jurisdiction to hear and determine all motions for a new trial in cases tried in any of said Courts, where such motions arise, either on questions of fact, or for misdirection upon any matters of Law, and all motions in arrest of judgment, or upon any matters of Law determined by the said Judge, or Judges, while holding said several Courts; and the said Supreme Bench of Baltimore City shall make all needful rules and regulations for the hearing before it of all said matters; and the same right of appeal to the Court of Appeals shall be allowed from the determination of the said Court on such matters, as would have been the right of the parties if said matters had been decided by the Court in which said cases were tried.¹

SEC. 34. No appeal shall lie to the Supreme Bench of Baltimore City from the decision of the Judge, or Judges holding the Baltimore City Court, in case of appeal from a Justice of the Peace; but the decision by said Judge, or Judges, shall be final; and all writs and other process issued out of either of said Courts, requiring attestation, shall be attested in the name of the Chief Judge of the said Supreme Bench of Baltimore City.

¹ A paragraph first added to this section in the Code of 1904 has been removed. It was enacted as a public local law of Baltimore City, by Chapter 177 of 1870, and never had the effect of a constitutional amendment. The Act of 1870 still is in the local laws of Baltimore City. See Charter and Public Local Laws of Baltimore City (1949 Edition), Sections 224 and 225.

SEC. 35. Three of the Judges of said Supreme Bench of Baltimore City, shall constitute a quorum of said Court.

SEC. 36. All causes depending, at the adoption of this Constitution, in the Superior Court of Baltimore City, the Court of Common Pleas, the Criminal Court of Baltimore, and the Circuit Court of Baltimore City, shall be proceeded in, and prosecuted to final judgment, or decree, in the Courts, respectively, of the same name established by this Constitution, except cases belonging to that class, jurisdiction over which is by this Constitution transferred to the Baltimore City Court, all of which shall, together with all cases now pending in the City Court of Baltimore, be proceeded in and prosecuted to final judgment in said Baltimore City Court.

SEC. 37. There shall be a Clerk of each of the said Courts of Baltimore city, except the Supreme Bench, who shall be elected by the legal and qualified voters of said City, at the election to be held in said City on the Tuesday next after the First Monday of November, in the year eighteen hundred and sixty-seven, and shall hold his office for six years from the time of his election, and until his successor is elected and qualified, and be re-eligible thereto, subject to be removed for willful neglect of duty, or other misdemeanor in office, on conviction in a Court of Law. In case of a vacancy in the office of Clerk of any of said Courts, the Judges of said Supreme Bench of Baltimore City, shall have power to fill such vacancy until the general election of Delegates to the General Assembly, to be held next thereafter, when a Clerk of said Court shall be elected to serve for six¹ years thereafter; and the provisions of this Article in relation to the appointment of Deputies by the Clerks of the Circuit Courts in the Counties shall apply to the Clerks of the Courts in Baltimore City.

He shall also have custody of all papers connected with the proceedings on the Law, or Equity side of Baltimore County Court, and the Dockets thereof, so far as the same have relation to the City of Baltimore, and shall also discharge the duties of Clerk to the Supreme Bench of Baltimore City, unless otherwise provided by Law.

SEC. 39. The General Assembly shall, as often, as it may think the same proper and expedient, provide by law for the election of an additional Judge of the Supreme Bench of Baltimore City, and whenever provision is so made by the General Assembly, there shall be elected by the voters of said City another Judge of the Supreme Bench of Baltimore City, who shall be subject to the same constitutional provisions, hold his office for the same term of years, receive the same compensation and have the same powers as are, or shall be provided by the Constitution, or laws of this State, for the Judges of said Supreme Bench of Baltimore City, and the General Assembly may provide by laws, or the Supreme Bench by its rules, for requiring causes in any of the Courts of Baltimore City to be tried before the Court without a jury, unless the litigants or some one of them shall within such reasonable time or times as may be prescribed, elect to have their causes tried before a jury. And the General Assembly may reapportion, change or enlarge the jurisdiction of the several Courts in said City.¹

Part V—Orphans' Court.

SEC. 40. The qualified voters of the City of Baltimore, and of the several Counties, shall on the Tuesday next after the first Monday in November next, and on the same day in every fourth year thereafter,² elect three men to be Judges of the Orphans' Courts of said City and Counties, respectively, who shall be citizens of the State, and residents for the twelve months preceding, in the City, or County, for which they may be elected. SEC. 41. There shall be a Register of Wills in each county of the State, and the city of Baltimore, to be elected by the legal and qualified voters of said counties and city, respectively, who shall hold his office for six years from the time of his election and until his successor is elected and qualified;¹ he shall be re-eligible, and subject at all times to removal for willful neglect of duty, or misdemeanor in office in the same manner that the Clerks of the Courts are removable. In the event of any vacancy in the office of the Register of Wills, said vacancy shall be filled by the Judges of the Orphans' Court, in which such vacancy occurs, until the next general election for Delegates to the General Assembly when a Register shall be elected to serve for six years thereafter.¹

Part V-A—People's Court.

SEC. 41-A. There is hereby created a People's Court of Baltimore City. Said Court shall consist originally of a Chief Judge and two Associate Judges; the number of such Judges may thereafter be increased or decreased by the General Assembly by law but no such decrease shall affect the term of any Judge then in office or his right to stand for election for further terms as hereinafter provided. The Judges of said Court shall have the qualifications prescribed by Section 2 of this Article and shall have practiced law in the City of Baltimore for a total period of at least five years; shall hold office subject to the provisions of Sections 3 and 4 of this Article with regard to retirement and removal from office; and shall receive from the Mayor and City Council of Baltimore City such compensation as shall be fixed by law by the General Assembly, which shall not be diminished during continuance in office.

¹ Modified by Article XVII, Section 1.

in the number of Judges pursuant to this Section, shall appoint an Associate Judge for such term, not exceeding eight years and expiring on the thirty-first day of December immediately following a Congressional election, as the law creating such office shall prescribe. If any vacancy occurs during any such original term, the Governor shall appoint a successor to serve for the remainder of such term. After the expiration of said original terms, the terms of office of said Court shall be for eight years from the expiration of the preceding term, and shall be filled as follows:

(1) Any incumbent Judge of said Court shall be eligible, at the Congressional election immediately preceding the expiration of his period of appointment or term, for election or re-election to succeed himself (a) for a full term of eight years, except as provided in (b) hereof; or (b) for the unexpired remainder of the current eight year term, if his appointment will expire before the end of such term. No person other than an incumbent Judge shall be eligible for election to said Court.

(2) Whenever a vacancy shall occur on said Court from any cause the Governor shall appoint to said Court a Judge who shall hold office under such appointment until the thirty-first day of December immediately following the first Congressional election occurring six months or more after the date of his appointment. No Judge of said Court, who has stood for election to succeed himself and not been elected, shall thereafter be appointed to said Court, and no Judge of said Court, who has failed to stand for election when eligible, shall be appointed to succeed himself.

(3) In order to qualify for election or re-election an incumbent Judge shall file with the Supervisors of Election of Baltimore City not later than thirty days before the date of the applicable election a certificate signed and duly acknowledged, stating the basis of his eligibility and the term or remainder of term for which he is eligible for election. Thereupon, the name of such Judge, together with a statement of the term or remainder of term for which he is eligible, shall be placed upon the ballot to be used in said City in such election, with no party designation whatever and with no opposing candidate, with space provided to permit any voter to cast his vote for or against the continuance in office of such Judge; if the votes cast for the continuance in office of such Judge represent a majority of all the votes cast for or against his continuance in of-

fice, such Judge shall hold office for the unexpired remainder of the term or for the full term of eight years, as the case may be.

Unless his office shall have been abolished pursuant to this Section, each Judge of said Court shall continue to hold office after the expiration of his period of appointment or term until a successor shall qualify. As used in this Section, "Congressional election" means any of the biennial elections at which members of the House of Representatives are regularly chosen.

Said Court shall have such jurisdiction (which may be made exclusive as to any class or classes of civil cases in Baltimore City), with such right of appeal, therefrom, and the Chief Judge and Associate Judges thereof shall have such powers and duties, as the General Assembly shall prescribe from time to time by law. The Judges of said Court shall have full power to regulate by rules the administration, procedure and practice of said Court; such rules shall have the force of law until rescinded or modified by said Judges or the General Assembly. Unless otherwise provided by law, (1) all powers granted by this Section or by law to said Court or the Judges thereof as a body may be exercised by a majority of the Judges thereof, and (2) said Court shall not be a Court of Record.

There shall be a Chief Constable of said Court, who shall perform therein the duties prescribed for Clerks of Court by Section 10 of this Article and such other duties as shall be prescribed by law or by rule of said Court. Such Chief Constable shall be appointed, in the manner hereinafter prescribed, by the Judges of said Court; and such Chief Constable shall appoint, in the manner hereinafter prescribed, all original, subsequent and additional constables and clerks employed pursuant to this Section, and shall supervise and direct the work of all such constables and clerks. There shall be appointed originally fourteen such constables and sixteen such clerks; the number of either may, on the joint recommendation of said Court and said Chief Constable, be increased by the Mayor and City Council of Baltimore City; no vacancy in the position of any constable or clerk, however arising, shall be filled by said Chief Constable unless the Judges of said Court and said Chief Constable shall expressly find that the filling of such vacancy is necessary for the efficient operation of said Court. The positions of said Chief Constable and of all such constables and clerks shall be positions in the Classified City Service of Baltimore and the provisions of the

Charter of said City with respect to said City Service are hereby expressly made applicable thereto, provided that, the Chief Constable at the time this amendment becomes effective shall continue and remain in said position and immediately become a member of said Classified City Service of Baltimore; all such positions shall be classified by the City Service Commission and all appointments, promotions, transfers, re-instatements, and removals with respect to such positions shall be made only in accordance with the provisions, rules and regulations of said Classified City Service in force from time to time. Such Chief Constable and all of such other constables and all such clerks shall receive from the Mayor and City Council of Baltimore City such compensation as said Mayor and City Council shall prescribe. Such constables and clerks shall perform such duties as may now or hereafter be prescribed by law or rule of Court.

After adoption of this Section no constable shall be appointed by the Mayor and City Council of Baltimore City pursuant to Section 42 or Section 43 of this Article IV, but constables in office upon the adoption of this Section shall hold office for the remainder of their terms, and the constables first appointed under this Section shall take office at the expiration of such terms.¹

41-B. The General Assembly shall have power by law to establish a People's Court in any county, or any part thereof, incorporated city or town in this State, except Baltimore City, and to prescribe and from time to time to alter (1) the number, qualifications, tenure, and method of selection of the Judges of any such Court, and their powers, duties and compensation, except that the term of office or compensation of any Judge shall not be reduced during his continuance in office; (2) the jurisdiction of any such Court (which may be made exclusive as to any class or classes of civil cases in such county, or any part thereof, city or town) and the right of appeal therefrom; (3) the number, qualifications, tenure, method of selection, duties, and compensation of all constables, clerks or other employees for such Court; and (4) all other matters relating to such Court. After adoption of this Section the Governor shall not be required to appoint any particular number of Justices of the Peace in any county or in any of the several election districts of the counties as now provided in Section 42 of the Constitution.¹

The Justices of the Peace and Constables, so appointed, and commissioned, shall be Conservators of the Peace, shall hold their office for two years, and shall have such jurisdiction, duties and compensation, subject to such right of appeal, in all cases, from the judgment of Justices of the Peace, as hath been heretofore exercised, or shall be hereafter prescribed by Law.

SEC. 43. In the event of a vacancy in the office of a Justice of the Peace, the Governor shall appoint a person to serve, as Justice of the Peace, for the residue of the term; and in case of a vacancy in the office of Constable, the County Commissioners of the county in which the vacancy occurs, or the Mayor and City Council of Baltimore, as the case may be, shall appoint a person to serve as Constable for the residue of the term.

Part VII—Sheriffs.

There shall be elected in each county in the year 1946 and in every fourth year thereafter, one person, resident in said county, above the age of twenty-five years and at least five years preceding his election, a citizen of the State, to the office of Sheriff. He shall hold office for four years, and until his successor is duly elected and qualified; shall give such bond, exercise such powers and perform such duties as now are or may hereafter be fixed by law.

In the City of Baltimore at the general election to be held in the year 1946 and every four years thereafter, there shall be elected in said City of Baltimore, one person who shall be a resident of said city, above the age of twenty-five years, and who shall have been at least five years preceding his election a citizen of this State, to the office of Sheriff. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said City or County.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6, inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each County and the voters of the City of Baltimore, respectively, provided that said powers so transferred shall

be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said Counties or City as this Article sets forth.

SEC. 7. SEC. 5. The county of Wicomico, if formed according to the provisions of this Constitution, shall be embraced in the First Judicial Circuit, and the times for holding the Courts therein shall be fixed and determined by the General Assembly.

When two or more amendments shall be submitted in manner aforesaid, to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

SEC. 2. It shall be the duty of the General Assembly to provide by Law for taking, at the general election to be held in the year eighteen hundred and eighty-seven, and every twenty years thereafter¹, the sense of the People in regard to calling a Convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for a Convention, the General Assembly, at its next session, shall provide by Law for the assembling of such convention, and for the election of Delegates thereto. law at four years, shall hold office for terms of three years; all officers so appointed for terms of office heretofore fixed by law at six years, shall hold office for terms of five years, and thereafter appointments by the Governor shall be for the terms heretofore fixed by law, unless otherwise duly changed by law. All officers appointed by County Commissioners after the election to be held on the Tuesday next after the first Monday of November, nineteen hundred and twenty-three, for terms of office of two, four or six years, shall hold office for terms of three years; and thereafter appointment by the County Commissioners shall be for terms of four years, unless otherwise duly changed by law.

SEC. 5. The terms of all State and county officers heretofore elected by qualified voters, and whose successors would not be elected until the Tuesday next after the first Monday of November, nineteen hundred and twenty-five, shall be increased by one year, and their successors shall be elected for the regular term at the election to be held on the Tuesday next after the first Monday of November, nineteen hundred and twenty-six. The terms of all State and county officers heretofore elected by qualified voters, and whose successors would not be elected until the Tuesday next after the first Monday of November, nineteen hundred and twenty-seven, shall remain unchanged; their successors shall be elected for a term of three years at the elections to be held on the Tuesday next after the first Monday of November, nineteen hundred and twenty-six, but shall not take office until the expiration of the full term for which their predecessors have been elected; and their successors shall be elected for the regular term at the election to be held on the Tuesday next after the first Monday of November, nineteen hundred and thirty. Nothing herein shall affect the terms of any judge of the Circuit Court of the several circuits, the member of the Court of Appeals from Baltimore City, or any member of the Supreme Bench of Baltimore City; if the term of any such judge shall expire in a year in which no election for members of the General Assembly is held, the Governor shall appoint a person duly qualified to fill said office, who shall hold the same until the next general election for members of the General Assembly, when a successor shall be elected for the term elsewhere provided. The terms of all State and county officers heretofore appointed for terms which will not expire until during the year nineteen hundred and twenty-five, nineteen hundred and twenty six, nineteen hundred and twenty-seven or nineteen hundred and twen-

ty-eight shall be reduced by one year, and their successors shall be appointed for the terms now provided by law in the years nineteen hundred and twenty-four, nineteen hundred and twenty-five, nineteen hundred and twenty-six or nineteen hundred and twenty-seven, respectively. In the event that the term of any officer appointed by the Governor with the advice and consent of the Senate shall expire in the year nineteen hundred and twenty-five or twenty-six, the Governor shall have power to appoint a successor, who shall serve for the full term subject to confirmation by the Senate at the regular session to be held under this Article in the year nineteen hundred and twenty-seven.

SEC. 6. The General Assembly shall meet on the first Wednesday of January, nineteen hundred and twenty-four, for a regular session, and shall not meet again for a regular session until the first Wednesday of January, nineteen hundred and twenty-seven, and the General Assembly shall meet on the same day in every second year thereafter and at no other time, unless convened by proclamation of the Governor.¹

SEC. 7. The term of the Treasurer elected by the General Assembly at the regular session of nineteen hundred and twenty-four shall be three years. Thereafter the term shall be the same as elsewhere provided.

SEC. 8. The terms of the members of the Board of Supervisors of Elections of Baltimore City and of the several counties shall commence on the first Monday of June next ensuing their appointment.

SEC. 9. SEC. 10. The Governor shall submit three budgets to the General Assembly at the regular session of nineteen hundred and twenty-four, in accordance with the provisions of Section 52 of Article III of the Constitution, for the three fiscal years beginning October first, nineteen hundred and twenty-four and ending September thirtieth, nineteen hundred and twenty-seven, and two budgets to the General Assembly at the regular session of nineteen hundred and

twenty-seven, and thereafter as now provided by said section.

SEC. 11. The purpose of this Article is to reduce the number of elections, by providing that all State and county elections shall be held only in every fourth year, and at the time now provided by law for holding congressional elections; and to bring the terms of appointive officers into harmony with the changes effected in the time of the beginning of the terms of elective officers; and the administrative and judicial officers of the State shall construe the provisions of this Article so as to effectuate that purpose. For the purpose of this Article only the word "officers" shall be construed to include those holding positions and other places of employment in the State and county governments whose terms are fixed by law, but it shall not include any appointments made by the Board of Public Works, nor appointments by the Governor for terms of three years.

SEC. 12. The General Assembly, at the regular session of the year nineteen hundred and twenty-four, shall make such changes in the primary and general election laws, and otherwise, as may be necessary to carry out the provisions of this Article. There shall be no election for State or county officers in the year nineteen hundred and twenty-five.

SEC. 13. In the event of any inconsistency between the provisions of this Article and any of the other provisions of the Constitution, the provisions of this Article shall prevail, and all other provisions shall be repealed or abrogated to the extent of such inconsistency.

VOTE ON THE CONSTITUTION.

For the purpose of ascertaining the sense of the people of this State, in regard to the adoption or rejection of this Constitution, the Governor shall issue his Proclamation within five days after the adjournment of this Convention, directed to the Sheriffs of the City of Baltimore, and of the several Counties of this State, commanding them to give notice, in the manner now prescribed by Law in reference to the election of members of the House of Delegates, that an election for the adoption or rejection of this Constitution, will be held in the City of Baltimore, and in the several Counties of this State, on Wednesday, the Eighteenth day of September, in the year eighteen hundred and sixty-seven,

at the usual places of holding elections for members of the House of Delegates in said City and Counties. At the said election the vote shall be by ballot, and upon each ballot, there shall be written or printed the words, "For the Constitution," or "Against the Constitution," as the voter may elect; and the provisions of the Laws of this State, relating to the holding of general elections for members of the House of Delegates, shall, in all respects, apply to and regulate the holding of the said election. It shall be the duty of the Judges of Election in said City and in the several Counties of the State, to receive, accurately count, and duly return the number of ballots, so cast for, or against the adoption of this Constitution, as well as any blank ballots, which may be cast, to the several Clerks of the Circuit Courts of this State, and to the Clerk of the Superior Court of Baltimore City, in the manner now prescribed by Law, in reference to the election of members of the House of Delegates, and duplicates thereof directly to the Governor; and the several Clerks, aforesaid shall return to the Governor, within ten days after said election, the number of ballots cast for or against the Constitution, and the number of blank ballots; and the Governor, upon receiving the returns, from the Judges of Election, or the Clerks as aforesaid and ascertaining the aggregate vote throughout the State, shall, by his proclamation, make known the same; and if a majority of the votes cast shall be for the adoption of this Constitution, it shall go into effect on Saturday, the fifth day of October, eighteen hundred and sixty-seven.

Done in Convention, the seventeenth day of August, in the year of our Lord one thousand eight hundred and sixty-seven, and of the Independence of the United States the ninety-second.

PRINCIPAL OFFICERS OF THE PROVINCE AND STATE OF MARYLAND FROM THE CREATION OF THE OFFICE TO THE PRESENT DAY

GOVERNORS OF MARYLAND

BARONS OF BALTIMORE AND LORDS PROPRIETARY OF MARYLAND

- 1580(?)—1632—George Calvert, First Lord Baltimore.
Petitioned for grant of land north of the Potomac.
- 1606—1675—Cecilius Calvert, Second Lord Baltimore.
Received grant June 20, 1632, soon after death of
First Lord Baltimore.
- 1637—1715—Charles Calvert, Third Lord Baltimore.
- 1679(?)—1715—Benedict Leonard Calvert, Fourth Lord Baltimore.
- 1699—1751—Charles Calvert, Fifth Lord Baltimore.
- 1732—1771—Frederick Calvert, Sixth Lord Baltimore.
- 1760—1834—Henry Harford.
Harford did not succeed to the title, as he was an
illegitimate son. His claim to Maryland was relin-
quished in return for a monetary grant from the
Maryland General Assembly.

GOVERNORS BEFORE 1776

- 1631—1634 Captain William Claiborne
Settled at Kent Island under a commission from
the King. He was driven from the Island by
Leonard Calvert a few months after the colonists
had landed.
- 1634—1644/5 Leonard Calvert
Calvert had occasion to leave the colony several
times, usually for a month or two but once for
over a year. During his absences the following
men governed the Province: 1637/8 and 1638, John
Lewger; 1638 and 1641, Captain Thomas Corn-
waleys; 1643—1644, Giles Brent; 1644, William
Brainthwait.
- 1644/5—1646 Captain Richard Ingle
Usurped the government and maintained control
until about the middle of 1646.
- 1646 Captain Edward Hill
Elected Governor by the Council while Leonard
Calvert was still in Virginia. He also claimed to
have a commission from Calvert. His appoint-
ment was illegal, as he was not a member of the
Council when elected, and Calvert was out of the
Province when the commission was issued. He
does seem to have held office, however, for he later
attempted to collect certain fees and emoluments
which were due him by virtue of his service.
- 1646—1647 Leonard Calvert
- 1647—1648/9 Thomas Greene

- 1649-1651/2 Captain William Stone
During absences from the Province he left the following men to act in his place: 1649, Thomas Greene; 1650, Thomas Hatton.
- 1652 Parliamentary Commissioners
- 1652-1654 Captain William Stone
- 1654-1657 Commissioners appointed by Parliamentary Commissioners
- 1657-1660 Josias Fendall
Appointed Luke Barber to serve in his place while he was absent from the Province from June 1657 to February 1657/8.
- 1660-1661 Philip Calvert
- 1661-1676 Charles Calvert
Left Philip Calvert, William Calvert, Jerome White and Baker Brooke as deputies governing the Colony from May 1669 to November 1670 while he was in England. On November 30, 1675, his father died, and he became Lord Proprietary.
- 1676 Jesse Wharton
Cecilius Calvert, infant son of the Lord Proprietary, was the nominal Governor from June to October 1676, but, actually, the Province was governed by the Deputy Governors.
- 1676-1679 Thomas Notley
Succeeded Wharton as Deputy Governor, and later, in October 1676, he was commissioned as Governor by the Lord Proprietary.
- 1678/9-1684 Charles Calvert, Lord Proprietary
Calvert was definitely back in the Province by January 1678/9, perhaps earlier, but he appears to have permitted Notley to retain the title of Governor until his death in April 1679.
- 1684-1688 Council of Deputy Governors
Benedict Leonard Calvert, infant son of the Lord Proprietary, was commissioned Governor, but the duties were actually performed by the Deputies. The Deputies named in the commission were George Talbot, Thomas Tailler, Colonel Vincent Lowe, Colonel William Stevens, Colonel William Burgess, Major Nicholas Sewall, and John Darnall. Most of them served the entire period indicated, but there were a few changes.
- 1688-1689 William Joseph
Named as President of the Council of Deputies in a commission from the Lord Proprietary.
- 1689-1690 John Coode
Leader of the Protestant Associators who seized the government on August 1, 1689.
- 1690-1692 Nehemiah Blackiston
Appointed President of the Committee for the Government of Maryland when Coode went to England.
- 1692-1693 Sir Lionel Copley

- 1693 Sir Thomas Lawrence
Elected Governor after death of Copley, but had served only a week or two when Sir Edmund Andros arrived in Maryland to assume control.
- 1693 Sir Edmund Andros
Remained in Maryland about ten days before returning to Virginia.
- 1693-1694 Colonel Nicholas Greenberry
Appointed President of the Council by Andros.
- 1694 Sir Edmund Andros
Remained in Maryland about a week.
- 1694 Sir Thomas Lawrence
Appointed President of the Council by Andros.
- 1694-1698/9 Sir Francis Nicholson
- 1698/9-1702 Colonel Nathaniel Blackiston
- 1702-1704 Thomas Tench
Appointed President of the Council by Blackiston.
- 1704-1709 Colonel John Seymour
- 1709-1714 Major General Edward Lloyd
Elected President of the Council when Colonel Francis Jenkins, who was senior member of the Council and thus entitled to succeed Seymour, failed to assert his right promptly.
- 1714-1720 John Hart
- 1720 Thomas Brooke
Became President of the Council by virtue of his seniority when Hart returned to England.
- 1720-1727 Charles Calvert
- 1727-1731 Benedict Leonard Calvert
- 1731-1732 Samuel Ogle
- 1732-1733 Charles Calvert, Lord Proprietary
- 1733-1742 Samuel Ogle
- 1742-1746/7 Thomas Bladen
- 1746/7-1752 Samuel Ogle
- 1752-1753 Benjamin Tasker
Became President of the Council upon the death of Governor Ogle.
- 1753-1769 Horatio Sharpe
- 1769-1776 Robert Eden
Eden was in England from May to November 1774, during which time Richard Lee, President of the Council, governed the Province. Lee also governed the Province briefly in 1776 during the interval between the departure of Eden and the assumption of the government by the Convention.

REVOLUTIONARY INTERREGNUM

During the years 1774 and 1776 more and more of the powers of government came to be exercised by popular bodies though the authority of the Governor was still acknowledged until Eden's departure. The Conventions were composed of delegates from each county elected by the freemen of the Province in much the same manner as the House of Delegates. It was inconvenient for so large a group

(at one meeting there were 141 delegates) to remain in continuous session; therefore, Councils of Safety were elected by the Conventions to exercise executive power during the intervals between Convention meetings. With some exceptions the Councils of Safety were composed of nine members, five from the western shore and four from the eastern shore. The Convention which met from August 14, 1776, about six weeks after the Declaration of Independence, through November 11, 1776, framed the Constitution which governed Maryland until 1851. The General Assembly established by the Constitution began meeting on February 5, 1777, but the Council of Safety continued to function as the executive body of the State until March 20 of the same year. On March 22, 1777, the Assembly adopted a resolution "for dissolving the Council of Safety and Vesting the Governor and Council with their Powers." The Governor and Council had qualified two days earlier on March 20 and they immediately began to perform the duties assigned to them.

ANNE ARUNDEL

This county was named for the Lady Anne Arundel, wife of Cecilius, Second Lord Baltimore and founder of the Colony. It owes its origin to an Act of Assembly, Chapter 8, Acts of 1650. The County seat is Annapolis, which is also the Capital of the State.

BALTIMORE CITY

The existence of Baltimore City as a distinct governmental unit was provided for by the Constitutional Convention of 1850 when it was separated from Baltimore County. The name is that of the Proprietary's Irish Barony.

BALTIMORE

The name of this County, like that of Baltimore City, derives from the name of the Proprietary's Irish Barony. Its legal origin is not known, but it was surely in existence by January 12, 1659/60 when a writ was issued to the sheriff of the County. The County seat is Towson.

DORCHESTER

Named for Earl Dorset, a family friend of the Calverts. The exact date and the legal origin of the County are unknown, but it was certainly in existence by February 16, 1668/69 when a writ was issued to the sheriff of the county. The County seat is Cambridge.

This county was named for Frederick Calvert who became sixth and last Lord Baltimore, or Frederick Louis, Prince of Wales, or Frederick the Great. It was created by Chapter 15, Acts of 1748. The County seat is Frederick.

GARRETT

Named for John W. Garrett, industrialist and financier. It was created by Chapter 212 of the Acts of 1872. The County seat is Oakland.

HOWARD

Named for John Eager Howard, soldier and statesman. The county was created in 1851 by Article VIII, Section 1 of the Constitution of that year. However, the area which later became Howard County was set up as Howard District of Anne Arundel County by Chapter 22 of the Acts of 1838 and thereafter, until 1851, enjoyed the status of a county except that it was not represented in the General Assembly. The County seat is Ellicott City.

KENT

This county derives its name from the English county of the same name. It was erected by order of the Governor in 1642. The County seat is Chestertown.

MONTGOMERY

Named for the Revolutionary General, Richard Montgomery. The county was created by the Constitutional Convention of 1776. The County seat is Rockville.

SOMERSET

Named after Mary Somerset, sister of Cecilius, Second Lord Baltimore. It was created by an Order in Council of 1666. The County seat is Princess Anne.

TALBOT

Named after Grace Talbot, sister of Cecilius, Second Lord Baltimore. The form of the creation of this county is not known, but it was probably by virtue of an order of the Governor in Council. It was certainly in existence by February 18, 1661/62 when a writ was issued to the sheriff. The County seat is Easton.

WASHINGTON

Named for George Washington. The county owes its creation to the Constitutional Convention of 1776. The County seat is Hagerstown.

WICOMICO

Named after the river of that name, from the Indian words for house (wicko) and building (mekee), apparently referring to an Indian town on the banks of the river. Provision for the creation of this county was made by the Constitution of 1867 (Article XIII, Sections 2-6). The County seat is Salisbury.

POPULATION—CENSUS OF 1940

Between 1930 and 1940 Maryland's rural areas continued to grow somewhat more rapidly than the urban places, according to the final figures from the Sixteenth Decennial Census, issued by Director William Lane Austin, of the Bureau of the Census, Department of Commerce.

The complete return of the Sixteenth Census showed that on April 1, 1940, Maryland had a population of 1,821,244, an increase of 189,718 over the 1,631,526 residents reported in the 1930 census. This change represents an increase of 11.6 percent as compared with 12.5 percent between 1920 and 1930. The population increase in urban areas from 1930 to 1940 was 10.8 percent as compared with 12.8 percent in the rural sections. Urban residents accounted for 59.3 percent of the State's population in 1940, as compared with 59.8 percent in 1930. In 1940, residents of urban areas numbered 1,080,351, while the rural population amounted to 740,893. The Census Bureau considers as urban areas the incorporated places of 2,500 or more. In Maryland, however, two unincorporated political subdivisions are also classified as urban on the basis of special qualifications. The remaining territory is classified as rural.

There were seven cities of 10,000 or more in Maryland, one (Cambridge) having reached this size since 1930. There were also two election districts adjacent to Baltimore city in this size-group that qualified as urban under the special rule. All nine of these urban places of 10,000 or more increased between 1930 and 1940. District 12 of Baltimore County, with an increase of 33.6 percent, was the fastest growing urban place having 10,000 or more population. Salisbury, with an increase of 21.1 percent, was the fastest growing incorporated place in this size-group.

Eighteen of the 23 counties gained population between 1930 and 1940, as did the independent city of Baltimore. Montgomery County, with an increase of 70.5 percent, had the most extensive growth.

The first Federal census of Maryland was taken in 1790, returning a population of 319,728. The population has shown an increase at every census since that time, passing 500,000 between 1840 and 1850, 1,000,000 between 1880 and 1890, and 1,500,000 between 1920 and 1930. The present population represents a density of 184.2 inhabitants per square mile.

Table 1 presents the figures for counties and for urban places of 10,000 or more, and Table 2, for incorporated places of less than 10,000. Table 3 shows the population of Baltimore city by wards.
